From

The Executive Engineer 1289
Negapatnam Division.

To,

The Superintending Engineer
V. Cule.

Nb: 108 S.E.

Dated 24

Despatched 25 } March 1893.

Sir,

In the Preliminary Issue of the
Irrigation Budget allotments of Rs 25,222 under
"Minor Original Works" and Rs 30,000 under
"Repairs" have been made under Tank Resto-
ration scheme and I have the honor therefore
to bring to your notice that as sanction to
estimates is received much additional work
will be caused in Copying plans and estimates
for communication for execution and my present
establishment will not be able to go through
this additional work satisfactorily and timely.

2. I beg therefore to request ~~that~~ you will
obtain sanction for the entertainment of a tem-
porary draughtsman and a clerk for doing the
additional work that is being caused under
Tank Restoration Scheme. The establishment
to continue as long as sanctions to T.R. estimates
continue.

3. I should also add that as works increase
for execution under T.R. it will be necessary
to form a separate Sub Division for the Patihota
Taluk.

I have &c

Submitted to the Chief Engineer

2. By G. O. N. 2705 W dated 31st August 1888
an extra temporary draughtsman on Rs 30 is
allowed to Divisions in which Tank Restora-
tion works are under execution - and in the case
of the Chingleput Division sanction was given
in G. O. N. 3341 W dated 20th October 1888 to the
entertainment instead of a draughtsman on Rs 30
of a draughtsman on Rs 20 - and a clerk on
Rs 10 - and I recommend that a similar tempo-
rary establishment may be sanctioned for the
Negapatam Division. For the Chingleput Division
three additional temporary overseers were also
given for the execution of Tank Restoration
works - as shown in the list appended to G. O.
N. 1234 W dated 28th April 1890 and I request
that a similar concession may be allowed to
the Negapatam Division whilst Tank Restora-
tion works are under execution in that Division.

CHIEF ENGINEER
FOR IRRIGATION

No 1769 Ed. 1st - April 1893.

To

E. S.

12/3/93

I am favour of opinion
whether the three extra
upper subordinates asked
for are necessary, also
whether the additional
draftsman and clerk
should be sanctioned.

2. The average expenditure
per manum of the
allotments under South
Restoration is only about
Rs 4,600 and one temporary
overseer in addition to
the sanctioned scale
seems sufficient. Copying
T.R.S. plans can hardly
occupy the whole time
of a draftsman for
one year.

" 1769 C of 15. 4. 93

The Draftsman and clerk may be sanctioned as there will be a considerable number of plans & estimates to be copied. The question of additional temporary upper subordinates can be deferred until a greater number of estimates have been sent for execution. Up to the end of this month estimates to the extent of Rs 2,000 only will have been sanctioned and the existing establishment should be able to supervise these works.
