Proceedings of the Financial Department, of
6th April 1893, No. 357.

Order of 26th April 1893, No. 332.

In separate proceedings it has been decided that the initial expenditure involved by the scheme for making the station hospital at Madras available for conversion into a hospital for Women and Children should be borne by Provincial Funds and steps have already been taken for the provision of the required amount.

2. The Military Department will now be requested to take immediate steps for utilising the money and for constructing within the current official year the buildings required for the new Detention hospital so that the transfer of the station hospital building to the civil department may take place at latest by the 1st April 1894, or as much earlier as may be found practicable.

3. The Public Works Department will be requested to direct the Consulting Architect to prepare.

prepare plans and estimates - in consultation
with the Surgeon-General - for any alterations
necessary for adapting the station hospital
for use as a hospital for Women and Children.

4. The Surgeon-General will report
what changes in the district and hospital
staff in Madras should be made to provide
for working the Women and Children's hos-
pital in its new quarters.

Kindly see again the
Financial Endorsement.

The P.W.D. is only asked at
present for "remarks" and
it would perhaps be
premature to reduce the
budget at this stage.

It seems necessary that
the Financial Dept should,
in the first instance,

accept the charges as
against Provincial funds.

When this is done the
P.W.D. is prepared to
find the money.

Further orders are
solicited.
