In submitting the enclosed letter from the Consulting Architect to Govt. I have the honor to request that the sanction of Government may be obtained for the preparation of plans and estimate for the extension and enlargement of the apothecary's store room by adding the students' present room (which will soon be vacated for the new one) to it. These alterations are very urgently required to provide the apothecary with a room sufficiently large for his stores and I therefore solicit that it might be sanctioned as a very urgent work.

I have &c.
