Civil Works.

Read—the following papers :—

From W. JOPP, Esq., Executive Engineer, Eastern Division, Kistna, to the Superintending Engineer, II Circle, dated 18th February 1893, No. 6341.

I have the honour to forward herewith a copy of letter No. C. 25 of 14th February 1893 from the Assistant Commissioner of Salt and Abkári, and in reference to my letter No. 4609, dated 9th November 1892, to recommend that instead of demolishing the building on Orr's Hill that it be handed over for the accommodation of the Assistant Commissioner.

2. I think that it would be inadvisable for this department to repair the bungalow and rent it out to the Assistant Commissioner. The estimated cost of putting it into thorough repairs is Rs. 4,000 ; this sum, added to the present capital cost, would raise the rental to a very much higher figure than Rs. 35, which is all that the Assistant Commissioner is prepared to pay.

3. In these circumstances, I have the honour to suggest that you will address Government with a view to the building being handed over to the Salt Department free of cost. It can then be repaired and kept in repair by them as residence for the Assistant Commissioner of Salt and Abkári.

Enclosure.

From B. HAWKINS, Esq., Acting Assistant Commissioner of Salt and Abkári Revenue, Masulipatam Sub-Division, to the Executive Engineer, Eastern Division, Kistna, dated 14th February 1893, No. C. 25.

I have the honour to inform you that I have applied for sanction to remove my headquarters from Masulipatam to Bezwada, which the Board of Revenue is prepared to accord on receipt of information as to the facilities for procuring a bungalow and office accommodation.

2. The bungalow on Orr's Hill appears to meet all requirements, and I shall be obliged if you will let me know whether your department is prepared to let me rent the bungalow or what seems more desirable to hand the buildings over to the Salt Department.

3. In the case of renting, I am prepared to pay Rs. 35 per mensem for bungalow, office and stable.

In case of transferring the bungalow to this department, I should be obliged if you will let me know the value or the sum demanded for the building and the cost of putting the same into thorough repair, also the estimated amount of annual repairs. I should also be obliged if you would furnish me with a plan of the buildings.

4. I believe that Government has been moved to sanction the demolition of this house ; if this is the case, I would venture to suggest that it should be transferred to the Salt Department as it stands and the cost of repairing met by this department.

No. 2899 K.S.

Forwarded to the Chief Engineer, Public Works Department, together with the enclosure, with reference to this office letter No. 2104 K.S. of the 25th November 1892 proposing the demolition of the building under reference. The undersigned now recommends the building to be transferred to the Salt and Abkári Department.

2. The hill belongs to, and will be retained by, this department except the top which will go with the bungalow.

Read—reference thereon, dated 8th February 1893, requesting the Deputy Commissioner, Central Division, to furnish certain information in connection with a certain building at Bezwada proposed to be used as a residence and office of the Assistant Commissioner, Masulipatam Sub-Division.

Read—endorsement of Government, Revenue Department, dated 9th March 1893, No. 969.

Read—reference thereon, dated 14th March 1893.

Read—endorsement of the Deputy Commissioner of Salt and Abkári Revenue, Central Division, dated 17th March 1893, No. 1227, forwarding Masulipatam Assistant Commissioner's letter submitting the sketch of the bungalow on Orr's Hill and requesting very early orders for occupation.

Resolution—

In reply to the endorsement of Government, No. 969, dated the 9th instant, the Board begs to state that as the head-quarters of the Masulipatam Sub-Division have been transferred from Masulipatam to Bezwada (*vide* G.O., dated 17th February 1893, Mis. No. 704, Revenue) and as both the Deputy Commissioner, Central Division, and the Assistant Commissioner, Masulipatam Sub-Division, are satisfied with the Public Works Department bungalow on Orr's Hill at the latter place, it is prepared to take over the building for use as a combined residence and office for the Assistant Commissioner.

2. The hill is not far off from the town and is close to the Railway station and to the canal and the distillery is only 1½ miles from it. The cost of repairing it is estimated at Rs. 4,000, which will of course be borne by the Salt and Abkári Department.

The interest at 4 per cent. on this amount irrespective of the capital sunk on it by the Public Works Department would be Rs. 160 per annum, which, together with the cost of subsequent annual upkeep estimated by the Assistant Commissioner at Rs. 150, would make a total charge of only Rs. 310 per annum, or Rs. 25-13-4 per mensem. The house-rent sanctioned for the Assistant Commissioners (*vide* Board's Proceedings, No. 89, dated 7th March 1893) being Rs. 46-2-6, the above arrangement will result in a saving of Rs. 20-5-2 per mensem or about Rs. 244 per annum.

Order—dated 19th April 1893, Mis. No. 1395, Revenue.

Orders will issue in the Public Works Department transferring to the Salt and Abkári Department the bungalow on Orr's Hill at Bezwada.

Letter from W. Gopp. Esquire, Executive Engineer, Kistna Eastern Division to the Superintending Engineer II Circle dated 9th Novr 1892, No 4009.—

I have the honour to bring to your notice the dilapidated state of the Government house on the Bezwada Hill known as Orr's Bungalow. It has only for a very short period been inhabited since some years.

2. The roof timbers are old and decayed, the outhouses in particular being in a dangerous state. The windows have been long ago stolen but were temporarily replaced by bamboo tatties during the residence of the last tenant

3. The Cost of putting the house in a safe state would be considerable and the chance of its ever finding a tenant extremely small. In its present state, it is the happy hunting ground of the Cooly in search of fuel which he obtains by abstracting remains of doors and windows. No watcher is to be found willing to remain at the house at night time As for the stables, they are made use of by noisy crowds of travellers to the annoyance of dwellers in the neighbourhood as testified by the

Complaint of Mr Fletcher and Mr Nugent and the Rev. Mr Henrison.

4. In these circumstances I have the honour to request that you will obtain sanction to the demolition of the house and stables and the sale of the debris by public auction. The house and stables are borne on our books of the value noted below.

Bungalow on Col. Orr's Hill at Bezwada with outhouse } Rs 4,000.

No 2104 K.S.

Forwarded to the Chief Engineer Public Works Department with a recommendation that Orr's bungalow with outhouses should be demolished, the materials sold by auction, and the site on the hill handed over to the Collector to dispose of it as he may consider most suitable.

2. The bungalow is practically in ruins and is not required for any public purpose.
