GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

G.O., dated 1st May 1893, Mis. No. 1615, Revenue.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 8th April 1893, Mis. No. 2187, on letter from the Collector of Anantapur, to the Secretary to the Commissioners of Land Revenue, Madras, dated 22nd March 1893, Reference on Current No. 796:—

Resolution—dated 8th April 1893, Mis. No. 2187.

The site plan and estimate for Rs. 32,860 for constructing a taluk outcherry at Tadpatari are submitted for the sanction of Government with reference to G.O., dated 4th March 1893, Mis. No. 894.

2. The building should face due north and thus be parallel to the high road.

3. The Board observes that the compound of the office is proposed to be enclosed with an aloe or korakapalli hedge. As hedges will harbour snakes and are seldom free from gaps, it is suggested that a barbed wire fence be substituted.

Order—dated 1st May 1893, Mis. No. 1615, Revenue.

The plan and estimates are approved and will be transferred to the Public Works Department in which the Board's suggestions in paras. 2 and 3 of its Proceedings above will be considered.

(True Extract.)

(Signed) C. A. GALTON,
Secretary to Government.

Order—dated 1st June 1893, No. 1457 W., Public Works.

The estimate, amounting to Rs. 32,860, for constructing a taluk office at Tadpatari in the Anantapur district, is sanctioned for execution when funds are available.

2. The position of the building has been altered on the site plan to face due north as suggested by the Board of Revenue.

3. As regards the remaining suggestion to substitute a barbed wire fence for the proposed korakapalli hedge, the Government considers that the latter will answer well enough. If, however, a barbed wire fence is found necessary, the whole of the large piece of land shown in the plan need not be enclosed.

4. It is observed that a ceiling under the Mangalore tiling has not been provided, but it is presumed that this question has received consideration.
5. It is further observed that no provision has been made in the estimate for record racks. If they are required, a supplemental estimate should be submitted.
6. The sanction accorded in para. 1 has been registered as Provincial No. 32 W. of 1893-94 and classified as Civil Buildings, Original Works.

Taluk Office at Tadpatri

Estimate of Rs. 32,860 for constructing
a — in the Anantapur district, sanctioned
with remarks.

Anantapur,
22nd March 1893,

Ref. on Current No. 796.

From W. G. Underwood Esq
Collector of Anantapur.

The Secretary to the
Commissioners of Land Revenue, Madras.

Sir,

I have the honor to forward herewith an
estimate for Rs 32,860, received from the Superin-
tending Engineer, III Circle, Bellary, for constructing
a new Taluk Office at Tadpatri and to request
that sanction of Government may be obtained for
the same. The building faces the Tadpatri Anantapur
road, and not the Bellary Chittoor road as shown
in the plan.

I am &c.

(Signed) W. G. Underwood
Collector of Anantapur.

Dated 10 May 1893

From the Revenue Department.

TECHNICAL NOTE.

Name of Work Constructing a Teluk Office
at Tadpatin, Amambapam District

Amount of Estimate, Rs. 32,860

PARTICULARS OF ESTIMATE.

Main Building	Office	Rs. 30,790
	Cook's house	725
Subsidiary Buildings	Public latrine	825
	Gali	85
	Compound wall	235
Contingencies	5% of 31,535	1,577
Petty Supervision	28 months at Rs. 200	5,600
Land compensation	2 months at Rs. 600	200

Total Rupees ... 32,860.

PARTICULARS OF CONSTRUCTION.

Surface soil Black cotton to a depth of 4 feet
Sub soil Gravel with clay one foot.
Foundations are to be carried down 6 feet
deep, the lower 3 feet to be of concrete
& the upper 3 feet in footing of concrete
with rubble in chunnam 2:1 ratio.
Basement is to be raised 2 feet high & built
of concrete rubble in chunnam 2:1 ratio.
Walls are to be raised as per heights noted
in the types design & built of concrete
rubble in chunnam 1:1 ratio with
flat & semicircular archwork.

Plastering or Pointing

The interior faces of walls are to be plastered with 2 coats of chunam & the exterior pointed with lime & sand.

Flooring

is to be of Chuddapah slate laid over 6" of cement except the joint roads to be paved with which are to be of 1/2" asphaltic.

Roofing

is to be of Mangalore tiles laid over timber rafters supported by pillars.

Doors and Windows

are to be of the description entered in the estimate of timberwork & painted with 3 coats of Chinese oak paint.

Roof timbers

are to be of teakwood & painted with 3 coats of white paint.

Seantlings

are correct.

Rates

as far as can be checked are fair & correct with submitted for a few half rates.

The plinth area of the main building is 18747 square feet, and the cost per square foot will be Rs. 2. 13. 10.

The plans and estimates have been countersigned by the *Collector of Anantapur Dist.* and approved in the *Revenue Dept.* with the Department.

Remarks: That the suggestions of the Board of Revenue in the plan of the building are with & of the proposed hedge be considered in this Dept.

The estimate has been prepared in accordance with type design circ. enclosed with G.O. V. 3053 in dated 11th November 1891 for the main building & the out-houses in plan design enclosed with G.O. V. 1409 in dated 28th May 1891.

No provision has been made for ceiling the Mangalore tile roof & for screw racks to the building if there are considered necessary. Supplemental estimate may be called for.

The position of the main building has been drawn to show the

out-houses may be placed at sites A for the kitchen & B for the latrine.

The Board of Revenue suggest a barbed wire fence in lieu of the proposed Korakapalli hedge as the former harbour smaller & are seldom free from gaps but the latter stretches that the Korakapalli hedge with its wall enough to suggest that if barbed wire fence provided the whole of the large area shown in plan need not be enclosed. The provision for the hedge has been retained as ordered.

The
13.4.93

No 1457 of 19 June 1893

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Res. in the Rev. Dept. No. 1615 in. of 1st May 1893.

The estimate amounting to Rs. 32,860, for constructing a Taluk office at Tadpatri in the Anantapur District, is sanctioned for execution when funds are available.

2. The position of the building has been altered on the ^{site} plan to face due north, as suggested by the Board of Revenue.

3. As regards the remaining suggestion to substitute a barbed wire fence for the proposed Korakapalli hedge, the Government considers that the latter will answer well.

well enough. If however
a barbed wire fence is
found necessary, the
whole of the large piece
of land shown in the

plan need not be enclosed.
It is observed that
no provision has been
made in the estimate for
record racks. If they are
required, a supplemental
estimate should be
submitted.
