GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From G. W. FAULKNER, Esq., Executive Engineer, Tinnevely Division, to the Superintending Engineer, VI Circle, dated 4th November 1892, No. 3744.

In continuation of this office letter No. 3346 of 4th October 1892, I have the honour to state that the Collector in his letter No. 528, dated 17th October 1892, writes that he is unable to state precisely the condition on which the building was given for the school purpose and that a rent of 4 annas per mensem is being paid to the Taluk Board.

2. As the building is borne in the return of the public buildings, I have the honour to suggest that either the rent should be recovered and credited to this department monthly or that the building be handed over to the manager of the school through the Collector on the condition that it should be vacated when wanted by Government.

No. 722 T.N.

Copy forwarded to the Chief Engineer, Public Works Department, in continuation of this office No. 1098 T.C. of 17th October 1892.

2. The building referred to by the Executive Engineer in the foregoing letter is the school at Sattur, item 6 in the list which accompanied the letter above quoted, and from the copies of correspondence received from the Collector it would appear that the building was originally Government property, that in 1869 it was lent by the then Collector for use of an English school maintained by the people of the town from subscriptions, and that subsequently a rent of 2 annas and latterly 4 annas per mensem have been paid by the school managers to the Local Board. It is not understood and in fact there appears to be no record to show on what ground the rent has been paid to the Local Board while the building is said to be Government property.

3. If, however, the rent is to be credited to this department, the cost of repairs required to the building will have to be borne by it. Considering the meagre rate of rent, this arrangement does not appear advantageous. The building might therefore, as suggested by the Executive Engineer, be made over to the school managers on condition of its being vacated when required by Government.

TRICHINOPOLY, 10th November 1892. (Signed) A. C. SMITH, Lieut.-Colonel, R.E.,
Superintending Engineer, VI Circle.

ORDER—dated 1st June 1893, No. 1466 W., Public Works.

The building will be made over to the Taluk Board on the condition of its being kept in repair and vacated when required by Government.

JUNE.

School-house at Sattur

Handing over the —, Tinnevely district,
to the Taluk Board on certain conditions.

1466 / P
From G. W. Faulkner Esquire,
Executive Engineer, Tinnivelly Dist.,
to the Superintending Engineer, W.
Kirk, No. 3744 of 4th November 1892

In continuation of the office
letter No. 3346 of 4th October 1892, I
have the honor to state that the
Collector in his letter No. 528 dated
17th October 1892 writes that he is un-
able to state precisely the condi-
tion on which the building was
given for the school purpose & that
a rent of 4 annas per mensem is
being paid to the Taluk Board.
2. As the building is shown in the
Returns of the Public Buildings
I have the honor to suggest that
either the rent should be recovered
and credited to this Department
monthly or that the building be
handed over to the Managers of
the School through the Collector
on the condition that it should
be vacated when

Government.

No. 722 TN.

Copy forwarded to the
Chief Engineer D.P.W. in continuation
of this office No. 1098 T.C. of 17th Dec. 1947
to be / 92.

2. The building referred to by the
Executive Engineer in the foregoing
letter is the School at Sathur-
thi in the list which accom-
panied the letter above quoted, &
from the copies of correspondence
received from the Collector it
would appear that the building
was originally Govt. property,
that in 1859 it was let by the
then Collector for use of an English
school maintained by the people
of the town from subscriptions,
and that subsequently a rent of
2 annas & later 4 annas per mensem
have been paid by the school
managers to the Local Board. It is
not understood from the fact that

on what found the rent has been
paid to the Local Board while the
building is said to be Government
property.

3. If however, the rent is to be credited
to this department, the cost of repairs
required to the building will have
to be borne by it. Considering the
meagre rate of rent, this arrange-
ment does not appear advantageous.
The building might therefore, as
suggested by the Exec. Engineer, be
made over to the school managers
on condition of its being vacated
when required by Government.
