யுதிஷ்டிரன்

To,

The Honorable,

The Secretary to the Government

of Madras,

In the Public Works Department.

Fort Saint George.

V
158.

The humble petition of

P. Butchiah Naidu.

Sheweth:

That, in reperance to the G.O.,

No. 225479., dated the 16th August 1892

conveyed in the Proceedings of the

Madras Government, on his applica

=tion of the 25th July 1892, petitioner

humbly begs to represent that the

Examiner Public Works Accounts

Madras, having, in his No. 593 C,

dated the 5th August 1892, directed

him to apply to the Central Provinces

Government for copy of the report

made by the Examiner on petitioner's

pension

pension case, he accordingly submitted an application on the 29th August 1892 to the Secretary to Chief Commissioner, Central Provinces, forwarding with it copy of the Examiner's letter above cited, and praying to be favored with a copy of the report referred to; but it was to no effect as the copy of the said report has not been granted, neither has any reply been received to his application.

2. That, petitioner first appealed to the Madras Government in 1887 regarding his claim to the pension due for the services rendered by him to Government, vide his petition dated the 19th December 1887; whereupon he was directed in

in G.O. No. 576W, dated the 18th February 1888, conveyed in the Proceedings of the Madras Government on office note by the Examiner Public Works accounts, dated the 13th Idem, No. 1062, to submit his pension application through the Government of Central Provinces.

3. That, no orders having however been received on the appeal made by him to the Government of Central Provinces as directed in the G.O. cited above, petitioner again appealed to the Madras Government, vide his petition dated the 15th January 1889; whereupon in G.O. dated the 25th Idem, No. 210W, conveyed in the Government Proceedings, he was directed to apply again to

to the Central Provinces Government for his pension: and it is stated in the above G.O. "His services "prior to 1st May 1858 cannot be "verified for want of records". Petitioner would here beg to be allowed to represent that service registers having been introduced in the Department only from the 1st May 1858, his services prior to that date can only be verified from the half-yearly and yearly returns, or other classified lists, &c., of the Department shewing the dates of first entertainment; and the dates of the appointments subsequently held by the employés in case of each individual respectively.

Moreover

Moreover, from the testimonials possessed by petitioner from the different officers he had served under, which he had already submitted to the Government with his first appeal petition of the 19th December 1887, his previous services can be readily verified; and his services subsequent to the 19th January 1861, the date from which his name had ceased to appear as Head Writer in the service register of the Ganjam District Engineer's Office as he was appointed to the Upper Godavery Circle as Head Accountant, vide the Proceedings of the Madras Government, No. 783, dated the 22nd May 1861, conveying the G.O., 4th June 1861, No. 1040, sanctioning his

his services in the latter appoint-
-ment, as a special case, for a
pension as per recommendation
of the Chief Engineer for time being,
on the report of the then District
Engineer, can be plainly verified
from the departmental periodical
returns of both the District Engineer
and the Superintending Engineer
Upper Godavery Circle. There had
been no service register of the
Department kept up in the Upper
Godavery Circle, it being a non
-regulation Province in those
days.

4. That, from his first enter
-tainment in the Department at
the early commencement of the
Godavery works, in 1847, to May
1863 when the Upper Godavery works
were

were transferred to the Central
Provinces Administration, petitioner
had had about sixteen years
uninterruptedly continued service
on the permanent strength of the
Department Public Works under
the Madras Government, and
over four years uninterruptedly
continued service under the
Central Provinces Administration,
both periods aggregating to upwards
twenty years uninterruptedly
continued service in the Department,
entitling him to pension.

5. That, as explained in his
first appeal petition to the Madras
Government, his services while
employed under the Central Provinces
administration having been
summarily

summarily dispensed with, petitioner appealed to that Government and was pronounced as not disqualified from Government employ. He subsequently applied to the Central Provinces Government as explained in the above petition praying to be provided with permanent employment, when a reply was sent to him that there was no vacancy.

6. That, though petitioner has been constantly appealing to the Central Provinces Government, from time to time, no justice has been done in his case. The Examiner Public Works Accounts Madras in his letter, No 315 X, dated the 6th June 1889, informed petitioner that his pension application

application and connected papers forwarded by the Superintending Engineer Central Provinces for verification of the period petitioner had been employed in the Madras Presidency were returned to the said Officer, with the Examiner's report on petitioner's services for the period referred to. Being informed by the Superintending Engineer Central Provinces that petitioner's pension case was referred to the Government of India, he requested in his application of the 29th August 1892, referred to in para 1 above, to be favored also with a copy of the report made on his pension case to the Government of India, but

but it was to no effect, the copy of the said report not having been granted him; nor any reply received to his application. Petitioner having submitted an appeal through the Chief Commissioner Central Provinces, as the Local Government, (a copy of it simultaneously submitted marked "Duplicate") to the Government of India, with several new grounds, as per the rules contained in the notification of the Government of India, No. 1812, dated the 11th October 1889, and referring to the Government Civil service regulations; as also the Resolution of the Government of Bombay in the Judicial Department, No. 7170, dated the 16th October 1883, conveyed in the Madras Government Circular

No.

No. 133/8-127 of 1883-84, dated the 16th January 1884, a reply was received from the Under Secretary to the Government of India stating that no new grounds were brought forward for reconsideration of his pension case; whereupon petitioner again submitted two appeals subsequently, one after the other, with further new grounds through the Local Government (a copy simultaneously submitted in each instance, marked "Duplicate") to the Government of India, as per the notification just referred to above, but no justice has been done in his poor case.

7. That, having been striving for about the past five years, eversince he was first directed by the Madras Government to

apply

apply for his pension through the Government of Central Provinces, petitioner deeply bewails that, though he had invariably rendered approved and creditable service in Government employ for upwards a period of twenty years, he could obtain no justice as he was not only frustrated of all his prospects of further advancement in Government service, being unjustly ousted from it; as were it not for his summary dismissal, which happened rather on "hap-hazard "principles" he would have risen in due course of time to some higher grade in the account branch, besides his being in continued service about 30, or 40 years standing with enhanced prospects of earning adequate pension: but what is much

much more disastrous in his poor case the pension which, as one of the permanent staff of the Department, he has had every claim to get as per the Government Civil service regulations, and under the special sanction of the Madras Government vide the G.O. quoted in para 3 above has also been unmercifully withheld from him; whereby he is rendered desperately forlorn for means of living after having sacrificed all his youthful vigour: physical strength, and health in Government service, upwards a period of twenty years.

8. That, petitioner would here beg

beg to be allowed to state that since he was not re-employed though pronounced as not disqualified from Government Employ, as explained before, it would be quite uncharitable to withhold his pension too, if considered referring to the Resolution of the Government of Bombay quoted in para 6 above: and further, as an instance, he would humbly beg to state that, in Bengal, retiring compensation pensions were awarded to many an Employé in the Public Works Department whose services were dispensed with at the instance of Government, while they had yet to remain

8/56

remain in service vide the Resolution of the Government of India passed about July 1879: and his poor case would appear almost tantamount to the instance just related, for consideration of his claim, owing to his having been kept out of Employment, after a period over twenty years continued service, though fully eligible to hold it pronounced as not disqualified from Government Employ, as explained before.

7: That, petitioner's poor case is a most pitiable one, as were it not for his being an alibi, or alienate his services transferred from the Madras Government, when the works were made over to the Central

Central Provinces Administration,
such injustice would never be
done in his poor case; and he
throws himself as a helpless
refugee at the mercy of the
Honorable Government for
protection, as all the Officers he
had served under having since
retired away from India he can
find no other patrons to take
any interest in his poor behalf.
Being an old servant of Govern
=ment, and possessing ample
experience in almost all the
duties of the Department having
been brought up in it, from
his first entertainment in
service, petitioner feels quite
sanguine of being capable of
affording every satisfaction
in

in the discharge of his duties provided he
is favored with suitable appointment
as he has had every aptitude for
further service; and he has no means
of livelihood, his pension for which
his appeal is pending not having
as yet been granted him. Coming
to know that the Vamsadara Project
work is to be executed in the Ganjam
District, petitioner humbly prays
that his poor case may be taken
into consideration, and that the
merciful Government will graciously
be pleased to countenance his humble
supplication for endowing him with
the vital gift by taking him back
into service as an accountant on
the Project work or even as any
overseer on it, and petitioner,
as in duty bound, shall ever pray.
(thereby protecting him in these hard times.)

In reference to the O.G., quoted, begs to represent that the copies of the reports made on petitioner's pension case, after verification of his services, have not been granted by the Central Provinces Government, nor any replies received to his application: that no justice has been done in his case though he has been constant by appealing from time to time, directed by the Madras Government to submit his pension application through the Government of Central Provinces; and that the pension for which his appeal is pending not having as yet been granted him, he humbly prays that, under the circumstances explained the merciful Government will graciously be pleased to endow him with the vital gift by taking him back into service on the Vamsadara Project as an accountant or even as an overseer thereby protecting him in these hard times, as he has had every aptitude for further service.
