Supg. Engineer's office, 4th Circle,
26 December 1892.

From,

1/161

J. C. Larmie, Esq.,
Supg. Engineer, 4th Circle.

To,
The Chief Engineer,
P.W. Department.

Sir,

I have the honor to forward for
sanction of Government an estimate a-
mounting to Rs 3460 for improving the roof
of the main stables and providing new drains
for the Government House at Ootacamund.
2. The sub head to which it should be
charged will be intimated as soon as
the information called for from the Executive
Engineer, Coimbatore Division is received.
The estimate has been approved by the military
Secretary to His Excellency the Governor.

I have the honor to be,
Sir,

Your most obed^t servant,

J. C. Larmie
Supg. Engineer, 4th Circle.

 Letter No. 535/
 Dated 28th December 1892
 From the Supy Engineer IV Circle.

TECHNICAL NOTE.

Improving the roof of the main
 stables & providing new drains
 for the Govt house at Ootacamund
 Amount of estimate Rs. 2460

This estimate provides for the
 following items.
 (a) Substituting a corrugated iron
 roof in lieu of the existing tiled
 roof over the main stables Rs. 2366
 (b) Constructing new drains Rs. 1094
 asked for by the Military Secy
 In the report accompanying the
 estimate it is stated that the
 reason for substituting iron for
 the existing tiled roof over the
 main stables is owing to all Govt
 buildings at Ootacamund being
 roofed in with corrugated iron
 except the stables in Govt house.
 Roofing with corrugated iron is
 certainly preferable owing to its
 being durable & water tight.
 Though the initial cost is heavy
 In the report it is further stated
 that if funds are not available
 for

for the work, the existing tiled roof may be repaired at a cost of Rs 396 by turning the tiles & renewing the boarded ends, this amount is likely to be an annual expenditure as tiled roofs require considerable repairs on the dilapidation hence it is thought that some provision may be accorded for re-roofing the main stables with iron as proposed.

The rates are fair.

The estimate has been approved & counter-signed by the Military Secretary, D. H. S. the Governor but the sub head to which the amount of this estimate is to be charged to the general estimate of Govt. House is not stated.

[Signature]
14.1.93

I think it is payable

I do not think that sufficient reason has been shown for covering the stable with corrugated iron.

It would be sufficient to repair the tiled roof & perhaps to make the drains, though the necessity for them is not shown.

It should have returned sanction from the preparation of this bill.

Read the following

From the S.E. IV Circle No 535 Wd/26th Decr. 1892

The estimate, amounting to Rs. 3460, for improving the roof of the main stables and providing new drains for the Govt. House at Ootacamund is sanctioned. The subhead of the general estimate for the Govt. House to which the expenditure is to be charged, should be reported by the Superintending Engineer.

2. Attention is drawn to para 2 of G.O. No 2806 Wd/7 October 1892 under which the prior sanction of Govt. should have been obtained to the preparation of the estimate for the works in question.

3. The current year's grant for the Govt. House is Rs. 10,000. The Suptg. Engineer will apply for any additional

allotment

* Sanctioned in G.O. No 2459 Wd/3rd Sept. 1893 (No. 779/50)
x 100 in the file. 26 requires, it is to be obtained from the General Revenue Dept.
