No. 114. Dated 31st May 1893.

Sir,

Referring to your No. $\frac{399.5}{18.5.93}$, I beg to report. I have been maintaining camp equipage during my halt at Pamban. I took my pony in a special boat to the other side, and I would have been put to no inconsiderable trouble and hardship if the pony had not been with me.

2. The cart which brought my Saman was left at the terminus of the main land, and it did not stop there long, but went back to Madura to fetch not only straw (for its bullocks), which cannot be had in or about Pamban, but also clothes, rice & such other articles wanted by me. In the way of getting ordinary necessities of life I have not visited

visited in my life a worse place than
Pambau.

3. The cart I use is paid for at a
monthly rate, & whether it is used
fully or a few days only in a month
is not to be taken into account. In
any case the full rate agreed upon
must be paid to its owner.

I beg to remain &c.
