The accompanying index
maps showing main lines of
roads constructed in the Trichy
District during the
years 1891-2 & 92-3 are in or-
der.

The maps are drawn on
a scale of 1 mile = 1 inch &
show the alignment of the
roads constructed & under
construction, also village
sites, crossings of streams
&c.

A note has been made
on each map to the effect
that the information is derived
from the Rev. Surveying
maps but no mention has
been made as to whether
the alignment of each road
has been obtained from ac-
tual survey or otherwise.
This appears to be necessary
