[Despatch Abstract.]

$$\frac{1873}{2}$$

PUBLIC WORKS DEPARTMENT.

READ—the following papers:—

Nowadays the demands of the Director of Public Instruction for scrutiny of estimates prepared by managers of schools coming under "Grant-in-Aid rules" and for completion certificates for works carried out on such estimates are numerous; most of these estimates and plans being prepared by unprofessional men are in many cases very defective, entailing unnecessary references.

3. It appears also desirable to have an authorized form of completion certificate. A form somewhat similar to the one given below will serve the purpose :—

"Certified that the above work, which has been personally inspected by me, has been carried out according to the plan and estimate in a satisfactory manner with the exceptions noted below:—

(Here enter items of deviations with quantities and amounts of saving or excess.)

"The deviations would cause a saving or excess of Rs. ——— over the estimate."

The undersigned agrees with the Superintending Engineer, VI Circle, that it is unnecessary for plans and estimates prepared by District Board Engineers to be forwarded to this department for scrutiny unless the amount of the estimate exceeds Rs. 2,500.

(Signed) J. PENNYCUICK, Col., R.E.,
Chief Engineer, P.W.D.

20TH JULY 1893, No. 1873 W., PUBLIC WORKS.

G.O., dated 5th July 1893, No. 466, Educational.

Read—the following papers:—

Endorsement of the Public Works Department, dated 20th July 1892, No. 12 D.

From the Director of Public Instruction, Madras, dated 16th June 1893, No. 6612.

I have the honour to return Government endorsement No. 1280, dated 3rd August 1892, with the following remarks.

2. Clause (4) of article 1 of chapter X of the Grant-in-Aid Code requires that every application for a building grant shall be accompanied by a plan of the proposed building and an estimate of the cost, and clause (6) requires that previous to disbursement of a grant it shall be certified by a Public Works Department officer, except in cases of petty works on which the Inspecting officer's report is accepted, that the work has been completed as provided for in the plan and estimates previously mentioned. Though the Grant-in-Aid Code does not thus expressly require it, the plan and the estimate have been invariably referred to the Public Works Department for professional opinion as to the suitability of the plan and the correctness of the estimate, mainly with a view to enable that department to issue the necessary completion certificate without any objection to the plan or the estimate after the work has been completed and when it would be too late to mend any defects which that department might discover. In the light of the opinion expressed by the Chief Engineer, plans and estimates prepared by District Board Engineers for Local Fund works up to Rs. 2,500 will be accepted by this department without a reference, in the first instance, to the Public Works Department, and, as the Grant-in-Aid Code has not expressly provided for such reference, no change in the Code is necessary. The plans and estimates will, of course, be subject to the scrutiny of the Public Works Department when a completion certificate is applied for.

3. I would suggest that the following form may be adopted for completion certificates:—

Completion Certificate.

Description of work _____

Amount of estimate, Rs. _____

Certified that the above work, which has been inspected by me personally, has been carried out according to the approved plan and estimate in a satisfactory manner with the following exceptions:—

(Here enter items of deviation with particulars as to dimensions and cost):
that the deviations are not of such a nature as to affect the stability or the suitability of the building and that, in my opinion, the deviations have resulted in a ^{varying} _{and constant} of Rs. _____ above the sanctioned estimate.

Designation of officer.

4. I deferred submission of my remarks on this reference pending the revision of the Grant-in-Aid Code.

Order—dated 5th July 1893, No. 466, Educational.

The Director's letter will be communicated to the Public Works Department.

Correspondence relative to the acceptance by the Director of Public Instruction of plans and estimates prepared by District Board Engineers for — costing up to Rs. 2,500 without a reference, in the first instance, to the Public Works Department, communicated to officers of the department, and the form of completion report suggested by the Director ordered to be adopted.

No. 5387C

SUPERINTENDING ENGINEER,

6TH CIRCLE.

Tichinopoly, 13th July 1892

From Lt. Col. A. B. Smith. R.E.
The Superintending Engineer,

6TH CIRCLE.

To

The Chief Engineer,

PUBLIC WORKS DEPARTMENT.

SIR,

ENCLOSURES.

1. As a days the demands of the Director of Public Instruction for scrutiny of estimates prepared by managers of schools coming under "Grant-in-aid rules" and for completion certificates for work carried out on such estimates are numerous; most of these estimates and plans, being prepared by unprofessional men, are in many cases very defective and entailing unnecessary reference.

2. Some estimates prepared by District Board Engineers for even petty repairs &c. to buildings of the above kind are also sent in for scrutiny. In the case of Local Fund works, estimates are exceeding Rs. 2500 each.

each for original work, and estimates for repairs are not required to be scrutinized by Superintending Engineer. I have the honor to submit for your consideration whether this course should not be adopted in the case of the estimates in question, prepared by Local Fund Engineer, leaving however completion certificate for the work to be furnished by the Department.

3. It appears also desirable to have an authorized form of completion certificate. A form somewhat similar to the one given below will serve the purpose:-

"Construction of, improvements or repairs to, school at — in the — Taluk, — District.
"Estimate Rs —.

"Certified that the above work which has been personally inspected by me, has been carried out according to the plan and estimate in a satisfactory manner, with the exceptions

exceptions noted below: —
Here enter items of deviations with quantities and amounts of saving or excess.

"The deviations would cause a saving or excess of Rs — over the estimate."

I have the honor to be,
Sir,
your most obed^t serv^t.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

1873
6-11-93
READ the following papers:—

Endorsement of the Public Works
Department, dated 20th July 1892, No 12 D.

From the Director of Public
Instruction, Madras, of 15th June 1893, No 6619.

I have the honor to return
Government Endorsement No 1280, dated 3rd
August 1892, with the following remarks:—
2. Clause (4) of Article 1 of Chapter I
of the Grant-in-Aid Code requires that
every application for a building grant shall
be accompanied by a plan of the proposed
building and an estimate of the cost, and clause
(6) requires that previous to disbursement of a
grant it shall be certified by a D. P. W. Officer,
except in cases of petty works on which the
Inspecting Officer's report is accepted, that the
work has been completed as provided for in
the plan and estimates previously sanctioned.
Though the grant-in-aid Code does not thus
expressly require it, the plan and ^{the} estimate have
been

been invariably referred to the Department of Public Works for professional opinion as to the suitability of the plan and the correctness of the estimate, mainly with a view to enable that Department to issue the necessary completion certificate without any objection to the plan or the estimate after the work has been completed and when it would be too late to mend any defects which that Department might discover. In the light of the opinion expressed by the Chief Engineer, plans and estimates prepared by District Board Engineers for Local Fund works up to Rs 2500 will be accepted by this Department without a reference, in the first instance, to the Department of Public Works; and ^{as} the grant-in-aid Code has not expressly provided for such reference, no change in the Code is necessary. The plans and estimates will, of course, be subject to the scrutiny of the Public Works Department when a completion certificate is applied for.

3. I would suggest that the following form may be adopted for completion certificates.

Completion certificate

Description of work.

Amount of estimate Rs.

Certified that the above work,
which

which has been inspected by me personally, has been carried out according to the approved plan and estimate in a satisfactory manner with the following exceptions:-

(Here enter items of deviation with particulars as to dimensions and cost);

that the deviations are not of such a nature as to affect the stability or the suitability of the building, and that, in my opinion, the deviations ~~cannot~~ have resulted in a saving of Rs. under the sanctioned estimate. ^{an excess cost} above

Resignation of Officers.

4. I deferred submission of my remarks on this reference pending the revision of the grant-in-aid Code.
