PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Collector of Madurai, dated 10th October 1892, No. 59, submitting copy of a letter addressed to the Secretary to Government, P. W. Deptt. requesting that the Pillar rocks road in Kodaikanal may be ordered to be constructed at once and renewing his application for the acquisition of the lands required for the road.

From the Public Works Department, dated 18th October 1892, Encl. No. 557 D. transferring letters from the Superintending Engineer, II Circle, and from the Collector of Madurai, regarding the construction of the Pillar rock road at Kodaikanal.

Order dated 5th November 1892, No. 2566 L. M. S.

As it now appears that the estimate amounting to Rs. 1,700 for cutting a rough track from Kodaikanal to Pillar Rocks, sanctioned in G. O. dated

7 November 1889, No. 3163 W., provides also for pay-
ment of compensation for the land required for a
road of full width there is no objection to the
acquisition of the land in question under Act I of
1870. The Revenue Department will accordingly be
requested to forward to the Public Works Depart-
ment for publication the draft notification, which
was returned with G.O. dated 1st June 1891 No. 12792.

Sir

In reply to your letter No 309 of 7th Dec: 90 I have the honor to inform you that for the 1.55 acres of my property proposed to be taken up for the anti-plated road I require Rs 500-0-0 as compensation.

Land possessed by natives near my property is now selling at Rs 200 an acre, & M^r Graham whose property adjoins mine has priced his land at Rs 200.

an acre - an average between
these two rates is I think a
fair & reasonable compensation
and what I have here asked
for, has been calculated
according to this average

Sir,

all

with reference to the
land belonging formerly to
Mr. Graham & now some
which is required for the
new road to the Pillar
Rock, I have consulted
some persons at Kodaikanal
and considering the fact that
the value of land in the settle-
ment is increasing rapidly, that
the proposed road will cut
up two a separate piece of
property & materially diminish
the value of each bit
into which the piece will be
divided, as that I intended

build a house, and then
re-valuation of the land
has come to the conclusion
to ask Rs. 500 per acre
for the land required for
the road.

Sir, I have the honor to enclose
tracing of a sketch of Mr. Sumastoria's
property at Kodachanal which is
now being transferred to me, showing
in blue pencil lines the proposed
new road to the Pillar Rocks
passing through a portion of the
property. Concerning this proposed
road I would suggest that as far
as its connection of the Upper Lake Road
with the Forest Road is concerned,
it is most desirable in the public
interest to have it, irrespective of
the Pillar Rock Road, and that
having it, there will be no occasion
to retain that portion of the Forest
Road duplicated by it, & under
these circumstances I would

such part of the Forest Road in
exchange for the site of the new
road. Compound of the house would

If my suggestion can be accepted
I should like as much to be signified

The new road should be kept

And the collector, however
to the inquiries. If Mr. Lee

that they do not
out very late

Acknowledging receipt of Extract of
letter No 1675 dated 12th November 1889 from the
District Forest Officer Madura to you with your
endorsement No 222 23-11-89 thereon, I have the honor
to point out:—

That in the event of the new roads from D of
the sketch (returned herewith) to my northern boundary
+ from A to B, being made, it is established by the
District Forest Officer that the portion of the Forest
Road asked for by me in compensation for the land
to be taken up for the new roads, is not required.

That the District Forest Officer's suggestion
that I should not only give the land, but should also
make the roads is beside the point at issue, and
seems based on the assumption that the improvement
to my property, or, more properly speaking, the
compensation of, otherwise very serious deterioration,
will compel me to accept the terms indicated.

I would put the matter thus:— It is
accepted that the new roads in question are required
in the public interest, and under Act II of 1870
I may be forced to give up the land required
for them though not by any pecuniary
compensation offered me under the Act for the
land would be far below its real value, which I
put down in the consideration of the sum I
paid for the property as fully Rs 1000 for the
plot. With the new roads, and the portion concerned
of the old Forest Road, existing, it is evident
I

2
I could have no enjoyment of the plot of land, and
that therefore under such circumstances my interest
to this amount, at least, are involved in the new
roads. It happens, however, that there is no
occasion in the public interest to enforce Act of
1870 so utterly to my detriment; that's taking
one thing with another. I shall be about compensated
for the cutting through of my field. Let not of it
if, I am given the portion of Forest Road
asked for, and which, we have our authority, and
not then be required. I deny that the exchange
will more than handsomely compensate me, & I point
out that the exchange in the fact of the passage
of the new roads, must be accepted as an advantage
to the public.

Under all circumstances, I cannot come
to the terms proposed, and will ask instead of
favorable consideration of my view of the matter
which further, appears to me to be fully in
accordance with both spirit & letter of para
Standing Order 12 of the Board of Rivers.

Sir, I have the honor to return herewith the letter to you from the Executive Engineer, Maddur of the 11th inst. with your endorsement to 2473 23-12-89. together with the 4 enclosures in original referred to in the endorsement.

All things considered I am not disposed to make a difficulty as to the adoption of the Engineer's suggestion and therefore I am prepared to give the land required for the new road for the sum of Rs 1000 (one thousand) on the understanding that the 6' path will be completed within March next, and that immediately on the conversion of this 6' path into a good carriage road, I will give the sum of Rs 1000 (one thousand) and the strip of land required to make the path between the points 1 & 6 of the tracing in exchange for the portion of the old Pambaru Road duplicated by the new road.

The sum is Rs 1000
The land had better

Proceedings of the Board of Revenue
(Land Revenue);

Dated 19. 12. 1892.

No. 8358. Mis. Routine.

Read the following letter from S. Turner Esq. Collector of Madura to the Secy. to the Commissioners of Land Revenue, Madras, dated 10. 12. 1892. No 4571:-

* Commg. G.O. of 17. 11. 92 No 6983 R.D.

Addressing to Board's Proceedings dated 29th November 1892. No 4579 Mis. I have the honor to submit herewith the draft notification therein called for together with the objection statements of the owners.

It will be seen from the notification that the total extent of lands to be acquired under Act 5 of 1870 is 2.70 acres of dry lands.

I beg that the Government be moved to sanction the acquisition of the lands under the above Act as the owners demand exorbitant prices. The Deputy Tahsildar of Kodaikanal may be authorised to perform the functions of a collector under the Act, and to take order for the acquisition of the said lands. (vide also this office No 691 dated 15. 2. 91).

Resolution

Submitted to Government in the Public Works Department with reference to the Proceedings of Government, Local and Municipal Department dated 5th November 1892, No 2566 L. Mis. Communicated with G.O. dated 17th November 1892, No 4983 to Revenue Department.
