From the Executive Engineer, District
Division, to the Superintending Engineer, S.E.
Circle, dated 22nd June 1920. No. 163 S.E.

I have the honor to bring to your
notice that on a reference from the
District Survey Officer, Bangalore, the owner
of the land reports, after inspection,
that the ruined Mandapa situated
within the compound of the old Survey
Caserby building at Perambalur, is in
a dangerous condition, almost all the
stones on the rear side having been either
removed or displaced by the roots of trees
allowed to grow on it. The Mandapa
which is built of granite stones occupies
an area of ground measuring 19' x 9' and

Consists of a room
(tent) measuring
10' x 9' with a man-
dapa 8' long in
front as per sketch

given in the margin. On the Mandapa is said to be

be under the personal care of any body
in particular, and, under a liability to be
down at any time. I request that you
will be good enough to sanction
the demolition and sale of the machine
by public auction.
The President of the M. H. School
of Art last year the machine (which
was) are forwarded herewith in original
for your information.

No 4177c

Copy submitted to the Chief
Engineer, P.W.D., for sanction of
consent to the demolition of the
machine and sale of its materials by
public auction.

2. The machine does not appear
to have been included in the register
of public buildings.

No. 283

From

A. BEA, Esquire,

SUPERINTENDENT, ARCHAEOLOGICAL SURVEY,

MADRAS,

To

The Chief Secretary to the Government of Madras.

Sir,

Adverting to reference dated 6th July 1893, No. 1156, Public, I have the honour to report that I have not seen the Mandapam referred to, but, judging from the present description and sketch, it seems of no value whatever.

2 - If Government considers it necessary, I will personally inspect it, but it does not seem to be worth the expense of the railway journey. It is evidently not a building on which it is desirable to expend anything on repairs, and if it must come down, the materials will be in better condition if taken down, than if left to fall.

I have the honour to be

Sir,

Your most obedient servant,

A. Bea Superintendent
