No 667 P
Gub

Malabar Collector's Office
Colcut 30 May 1893.

From

H. Bradley Esq^{re}

Ag. Collector of Malabar.

To

R. C. C. Carr Esq^{re}

Ag. Secy to the Commr of Land Rev.
Madras.

Sir

- With reference to the Board's Proceedings dated 17. November 1892 No 7499 Ins. I have the honor to forward herewith a plan showing one sheet the Existing Off. Tahsildar's Cutchery and the proposed combined Police Station and Sub Jail at Tirunavundi. The plan received with the Board's Proceedings under reply is herewith returned.
2. The present Cutchery is built on the old plan - an open Court-yard with a Verandah and rooms all round. The Cutchery is on the road side. The Court-yard lets in a flood of glare and dust and it is stated that the Cutchery is hardly a convenient place of business. If a separate Sub Jail and Police Station are constructed as proposed by the Executive Engineer, accommodations will be available for the Clerks and the custody of records.
 3. The Existing Cutchery which is very old is reported by the Off. Tahsildar to be in a dangerous condition. I have not seen it myself, but I understand that it is in better order than that at Cherpalecherry which is in a very dilapidated condition and is also very inconvenient. If it should be possible to erect new buildings for both these places it

it should be done as early as possible, but if only one building is to be erected, Cherpalcheri, or some other place to be substituted for Cherpalcheri, has a better claim than Tirurangadi. I am now considering the advisability of transferring the Cherpalcheri Sub Magistrate's headquarters to some other place. I consider that two second class Police Stations are required for these places and that the one to take the place of that at Cherpalcheri is required first.

I have &c.

From

H. Bradley Esq.
Sg. Collector of Malabar

To

W. S. P. K. Esq.
Secretary to the Commr. of Land Revenue
Madras

Sir,

The insufficiency of the accommodation of the Subjail at Tirurangadi in Ernad Taluk, having attracted the attention of the Special Assistant Magistrate, the Executive Engineer who was requested to prepare an estimate for enlarging it reports that it would be unsafe to make any alterations to the present building as it is very old and the arrangements of its roof, complicated. He has therefore forwarded to me a plan (Enclosed) of a combined Subjail and 2nd class P. Station.

2. The construction of a Police Station has become necessary as the present station is inconveniently situated in the same building as the Sub Magistrate's Court in which there is barely enough accommodation for the Sub Magistrate's Establishment and space for the custody of his records.

3. The Superintendent of Police who has been consulted in the matter, considers that the accommodation provided in the plan for the Police is ample.

4. I enclose a statement showing the population of the Tirurangadi Subjail during 1890-91 and the first half of 1892.

Yr.

It will be seen therefore that, while the Subjail can hold only 5 males and 2 females, the average daily population has often exceeded this number and was once so large as 14.35. The Sub Magistrate informs me that as many as 20 prisoners have been in the jail on some occasions and that the under trial prisoners have to be guarded outside by the Police.

5. Under the above circumstances I have the honor to recommend that the Public Works Dept. may be requested to prepare an estimate for a new subjail and Police station and to execute the work as early as possible.

I have &c

Proceedings of the Board of Revenue

(Land Revenue)

Dated 17 November

1892

No. 7499 Mies

READ

Letter from the Collector of Malabar to the Secretary to the Commissioner of Land Revenue dated 28 October 1892 N^o

Resolution

The Collector is requested to forward a plan showing how the proposed new subjail and Police station is to be located with reference to the Submagistrate's Enclosure. 2. As the Executive Engineer considers that it would be unsafe

unwise to make additions to the present building and as the accommodation is reported to be barely sufficient, the Collector is further requested to report whether it would not be advisable to erect a second class Taluk Cutchery on the standard scale combining accommodation for the Submagistrate and the Police and for a Subjail. A plan of the existing cutchery and a report on its condition should also be forwarded.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the
Board of Revenue (Land Revenue) of 7th June 1892
No. 3447 Mis. on the following:-
Proceedings of the Board of Revenue, Land Revenue,
of 17th November 1892 No. 7499 Mis:-

Also letter from Herbert Bradley Esq. to the
Secretary to the Council of Land Revenue of 30th May 1892
No. 667 P. -
Encl

Resolution:

1. Submitted for the orders of Government.
2. In his letter disposed of in the Board's Proceedings
read above, the Collector of Malabar reported that the
accommodation in the present Off. Tahsildar's Office at
Tirurangudi, Ennad Taluk, was insufficient for the Subjail
for the Police and Submagistrate's Establishments, and
for the custody of his records and that according to the
opinion of the Executive Engineer it was unsafe to make
any additions or alterations to the present building as it
is very old. The Collector accordingly proposed that a
separate building should be constructed for a combined
Subjail and Police Station near the existing Off. Tahsildar's
Cutcherry. This proposal of the Collector did not commend
itself to the Board and he was requested to report
on

on the advisability of erecting a second class Taluk
Cutchery on the standard scale containing accommodation
for the Sub Magistrate, and the Police and for a Sub
Jail. The second of the papers read above is the
Collector's reply.

3. After a careful consideration of the matter
the Board think that in the long run it would
ensure economy as well as greatly increased convenience
to construct a second class Taluk Cutchery at
Tiruvangudi according to the Standard design and ac-
cordingly submit the proposal for the sanction of
Government and for the necessary orders being
issued in the Public Works Department for the
preparation of plans and estimates.

4. The Collector's proposal regarding the construction
of a second class Taluk Cutchery for the Deputy
Tahsildar of Chopalchiri must stand over pending
selection of suitable Headquarters by the Collector.

Order thereon, 12 July 1873 No. 2561.

The construction of a second class Taluk
Cutchery at Tiruvangudi is approved. Orders will issue
in the Public Works Department for the preparation of
the necessary estimates.
