9th August 1893, No. 2044 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

G.O., dated 7th July 1893, No. 478, Educational.

Read—the following papers:—

From the Director of Public Instruction, Madras, dated 29th May 1893, No. 5896.

With reference to G.O., No. 193, dated 8th March 1892, I have the honour to submit, for sanction, plans and estimate, amounting to Rs. 3,41,360, for constructing a new Law College. As a sum of Rs. 50,000 has been provided for in the current year's Public Works budget, I beg to request that arrangements may be made for putting the work in hand at an early date.

From the Public Works Department, dated 16th June 1893, No. 406 D.

Order—dated 7th July 1893, No. 478, Educational.

The plans and estimates are approved and will be transferred to the Public Works Department. One of the large lecture-rooms on the basement can be used as a library.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

Note by the Acting Chief Engineer, Public Works Department.

The estimate, as far as it can be checked, is correct with the exception that a steel girder has been omitted from each of the common rooms on the ground floor and from the Principal's and Professors' rooms on the upper storey.

A sufficient number of sections have not accompanied the estimate. Detailed sections should now be prepared and forwarded for inspection of the towers, the carriage entrances and the stair-case rooms. They should be accompanied by the original plans. Meanwhile the estimate is submitted for sanction.

(Signed) J. HANNAN,
Ag. Chief Engineer, P.W.D.

3rd August 1893.

2044/2

ORDER—dated 9th August 1893, No. 2044 W., Public Works.

The estimate, amounting to Rs. 3,41,360, for constructing a new Law College with out-houses at Madras, is sanctioned for early execution.

2. The building will be constructed on the site already selected to the west of the new High Court stables, the existing police station and cattle pound being removed and reconstructed on another site at a cost of Rs. 6,342, provision for which has been included in the estimate.

3. Of the sum of Rs. 50,000 provided for the work in the current year's budget, Rs. 6,000 were transferred to the cubicles of the Reformatory school at Chingleput, as suggested by the Director of Public Instruction in paragraph 4 of his letter No. 4389, dated 22nd April 1893, printed with G.O., No. 1550 W., dated 10th June 1893. The existing grant for the work is thus Rs. 44,000, and the Consulting Architect will apply for any additional allotment that can be spent during the current official year.

4. The sanction accorded in paragraph 1 has been registered as Provincial No. 68 W. of 1893–94 and classified as Civil Buildings, Original Works.

5. Attention is directed to the note by the Chief Engineer.

TECHNICAL NOTE.

Name of work Constructing a new Law College with out houses at Madras.

Amount of Estimate Rs 341,360.

This estimate has been framed with reference to G.O. No. 820 W dated 11th March 1892 & provides for constructing a new Law College with out houses at Madras.

The building will be constructed to the west of the new High Court building at the site of the existing Police Station & cattle pound which will be removed & reconstructed on another site.

The proposed building will be upper storied throughout & terraced & the rooms arranged around a central Court yard as per plan, & providing the following accommodation

Basement floor:

4 Lecture rooms ——— each 47′3″ × 31′2″
2 Common rooms ——— do { 23′2″ × 17′7″ / 10′6½″ × 18′0″ }
2 rooms for clerks & stores – do average 33′0″ × 17′0″
1 Carriage entrance ——— do. 63′0″ × 30′0″
2 Angle towers ——— do. 10′6″ × 10′6″
1 Main stair case ——— " 55′0″ × 30′0″

2 Small rooms for lamps each 9'0" x 5'0" clear
1 Carriage porch in yard — 28'0" x 20'0" clear
together with an inner & outer verandah 9'11" wide with the necessary steps at basement.

First floor

4 Lecture rooms —— each 47'7" x 31'7"
1 do over carriage entrance do 45'9" x 30'5"
2 Principal & Professors room do {33'7" x 17'7" / 10'11½" x 18'5"}
2 Small lavatories —— do 9'0" x 5'0" clear
1 Stair case room —— 55'0" x 30'0"
surrounded by an inner & outer verandah 10'6½" wide, interior dimensions.

The carriage entrance will be constructed with 2 main circular towers one on each side of the entrance 24 feet in diam. & raised 135 feet high & will contain steps so as to reach the first floor as well as the raised portion over the entrance. Two minor towers will also be built at the front angles 15'6" square & raised 92 feet from ground surface & will contain 2 floors.

The nature of soil is not stated. The foundations are proposed to be carried down 10 feet deep, the lower 4 feet will be laid in concrete & the upper 6 feet together with the basement raised 5 feet above ground surface built with stock bricks in chunam faced with Claytons press bricks & cut stone dressings. The superstructure walls of the basement floor will be raised 20 feet high throughout & the first floor 22 feet for the main rooms & 16 feet for the verandahs & built entirely of Claytons

Sufficient. – the C.E. has had the foundns. for high towers [illegible] [illegible]

Claytons press bricks occasionally moulded with cut stone bondings, the exterior surfaces of walls will be ~~plastered~~ pointed black with tar & sand composition & the interior finished with polished plaster in light tints. The basement floor & the plinth protection will be paved with Cuddapah slabs laid over 4" of concrete & the first floor paved with 6" square compressed tiles laid over terracing. The roofs of the basement & first floors will be terraced throughout & supported by steel plates & steel rolled girders & teakwood joists except for the carriage entrance which will be arched. The towers will have dome roofs with copper gilded finials. The doors & windows will be of the description which in the estimate of teakwood, fitted with strong brass hinges & bolts & finished with ~~linseed~~ wax & oil.

Provision has been made for tiffin rooms, latrines for students, coach house & stables for the Principal & Professors but no detailed estimates nor plans are submitted for these out houses.

The amount of the estimate is made up as follows:-

Law College ——	Rs 3,14,878
Clearing & levelling site ..	538
Scaffolding ——	2,150

Brought forward	Rs 3,19,170
Forming road	772
Tiffin room	5,533
Latrines for students	3,769
Coach house & stables	2,540
Altering Town drain	3,225
Removing & reconstructing Police Station, cattle pound & latrine	6,342
Contingencies 5%.	
Petty Supervision 2½%.	
Total estimate	Rs 3,41,360

The scantlings for roof timbers provided for the Law College & Police Station house are correct except for the cattle pound attached to the Police Station. The section proposing viz 4"×6" for the purlins appears rather weak, it may be made 5½"×7¾".

No provision has been made for 4 steel rolled girders for the Common rooms in basement floor & Principal & Professors rooms on first floor, the cost of providing these will be Rs 400.

No wall plates under joists & ~~cut stone bed plates under the gi~~ ders have been provided for the Law College & the Police Station.

The rates as far as can be checked are fair.

Detailed sections of towers, main roof &c. are not submitted so as to scrutinise the estimates carefully.

The plans & estimates have been countersigned by the Director

2044 W

Director of Public Instruction & approved in the Educational Dept. with the remark that one of the large lecture rooms on the basement floor be used as a Library
