GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment,

Read—the following papers :—

From the Superintending Engineer, III Circle, No. 971, dated 14th July 1893.
„ „ „ „ „ 980 „ 15th „ „

No. 42 E.W.

Note by the Chief Engineer for Irrigation.

The revised estimates for the Saggiler project in the Cuddapah division have been received from the Superintending Engineer, III Circle, and are being scrutinized in this office. The Executive Engineer anticipates no difficulty in spending the current year's grant of Rs. 40,000 for the project on arrangements being made for commencing operations. The Cuddapah sub-division is already too large in area and it is not possible for the Executive Engineer to exercise direct control over this important project at a distance from his head-quarters. It is considered advisable, therefore, that this project should form a separate sub-division and that Supervisor Mr. R. Enright should be put in charge of it. It is requested that early orders of Government may be obtained on this proposal.

Ootacamund, (Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
28th July 1893. Chief Engineer for Irrigation.

To the Chief Engineer,
General Roads and Buildings Branch.

Order—dated 5th August 1893, No. 2020 W., Public Works.

The formation of an additional sub-division in the Cuddapah division, to be termed the Saggiler project sub-division, is sanctioned.

2. The Madanapalle Sub-divisional officer and his establishment will be transferred to the Saggiler project sub-division and the former sub-division placed under the direct charge of the Divisional officer, Cuddapah.

(True Extract.)

(Signed) J. HANNAN,
Ag. Joint Secy. to Govt., P.W.D.,
General, Buildings and Roads Branch.

To the Superintending Engineer, III Circle.

Orders forming the — into a sub-division of the Cuddapah division.

9C b

Put Madnapilli Sub Divn. directly under the D.O. & transfer the S.D.O. & his office to the Saggiler project.

The above proposal has been approved & is to be given effect to. There will then no extra charge for the new Sub Divn. which can now be recommended for sanction. JH 31.7

Demi-Official letter from C. J. K. Watson Esqr.
Exe. Engineer Cuddapah dated 14th July 1893 to
the Supdt. Engineer, III Circle, Bellary.

Mr. Enright should have been here on the 10th to start for the Sagiler. I wrote him to hurry up a few days ago today I wired "you said you would be here on 10th what detains you?" In reply 2 telegrams enclosed have come. They mean a month delay if not more! Moreover the best of the numerous contractors want pucca contracts. (one firm have brought 1000 coolies). Such contracts cannot however be entered into till Government do give orders and send the Overseers and sanction the clerks.

Demi-Offl. letter from —do— do —d/— do— to —do—

In continuation of mine forwarding you 2 telegrams I write to say that my Head Draftsman has just brought a medical certificate that 2 months leave are absolutely necessary. I officially told you today that the late Sagiler Draftsman who was reinstated at end of June left after a week saying he suffered from the climate. I think we must surrender a 1/2 the grant. With no S.D.O. no Overseers

and

and only one Draftsman as assistant (in place of 3 sanctioned) work cannot progress.

Enclosures.

Sir,

I have the honor to state in reply to your Memo No. III/14CD dated 11ᵗʰ July 1893 that when making over the Revised estimate in June, the want of which had been retarding any progress with the Sagiler Scheme, the Exe: Engineer Cuddapah expected to be able to utilize the grant when once able to begin operations.

2. Without however being in some kind of Sub-divl. charge it would be impossible for him to control this important work at such a distance from Head Quarters, or to include it in the Cuddapah Sub-division which is already too large in area.

3. As in my letter No. 954 of yesterday he asks that the formation of a Sub-division with its necessary establishment may be allowed as soon as possible.

I have &c. &c.
