From the Executive Engineer, Madras
Division, to the Superintending Engineer,
S. C. Circle, No 257 S. E. dated 26th July 1898.

Referring to your No. 302 M. of 13th
July calling for a revised estimate for
the Pillar Rocks Tract, I have the honor
to point out that the amount required
for compensation for land is not yet
known as the price of Mrs. Gills' piece of
land has not been fixed. The award State-
ment received from the Collector shows
that the rest of the land has been valued
at Rs 667.

2. I further beg to point out that
the Collector is urging upon Government
the necessity of having a road of full
width made at once in order to enable
purchasers of land at Pillar Rocks to
comply with the building clause in
their agreements.

3. Until therefore I learn from the Collector
what

what the decision of Government on
this point is, I think it would be ad-
visable to postpone the revision
of the estimate.

No 306 m d.

Copy forwarded to the Chief
Engineer, A.S.R., with reference to
G. O. No. 1749 W of 6th July 1893.

2. The road making which it is now
proposed to do will not involve any
waste of labor, as the same will simply
have to be widened, if it is decided
to make a carriage road. Permission
is therefore requested to go on with
the work.

Office of the Chief Engineer,
A.S.R.,
Indianapolis, 29th July, 1893.
