The Conservator state
that the proposed
residence at Cuddalore
will usually be
occupied by a Dy.
Conservator of the 1st
or 2nd class.

The mean salary
of the 2 classes is
1st class Rs 900 } mean Rs 850
2nd class - 800 }

8% of Rs 850 is Rs 68.
If the proposed building
is to cost Rs 10,000, the
rent will be -

(a) Cost of construction	Rs 10,000
(b) - Site (cont)	1000
(c) 10% for water	1000
(d) - - - Total Capital cost	12,000
(e) 4% for interest	Rs 480.00
(f) 3% on (e) for repairs	300.00
(g) 10% on (f) for water	30.00
Rent for owner	Rs 610.00
- - - - -	68

Rs 10,000 is therefore

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read again G.O. 2359
27-6-93

Also the following Proceedings of
the Board of Revenue (Land Revenue) of 11 July 1893 F.R. 8132
upon the following letter from the Collector of Cuddalore
of 1 July 1893 No. 14.

I have the honor to reply to Government Order of
the 27 June 1893 No. 2359 on the subject of having the
Cuddalore District Court Office moved quarters at
Madanapalle.

2. The Government wish to know what objection may
exist to such a course being followed. As far as I am
aware, the only objections that can be advanced are
that the Court records will not be kept in the same
station as the Collector's records. But in North Arcot
District where the same is the case, I do not know of
its being found inconvenient.

3. In a few cases per annum this might cause some
very little inconvenience; but as there is a telegraph
line to both places, I cannot consider, in the face of
advantages the arrangement offers, the objection a
tenable one. It may also be said that personal
communication between the Collector and the District
Court Office would be made infrequent, but I doubt
it will involve any material alteration on the point. As
it is, both Offices constantly transact and may not be

at Head quarters at the same time, also the collector is generally at Madanapally in the hot weather, I should mention that there might be a difficulty in procuring a house (if one has not to be built) for the District Forest Officer at Madanapally. But in regard to his Office there are two excellent houses available at Madanapally, either of which would do. Both are quite new and both available at Rs 15 a month.

4. On the other hand in regard to inspection, Madanapally is quite as convenient as Cuddapah and as regards the outbreak of war it would be much more at Madanapally than here. This year for a whole fortnight the Office was practically closed, every one in it suffering from fever, and the District Forest Officer himself would be much less likely to put up with it if he had a more salubrious climate than Cuddapah to return to when he comes in for his short stay at Head quarters.

Resolution.

The Collector's letter will be submitted to Government.

2. If healthiness of locality were the chief consideration in selecting the head quarters of the District Forest Officer, there could be no hesitation in recommending Madanapally in preference to Cuddapah. The Board however considers it of primary importance that the District Forest Officer, as Forest Assistant, should be intimately associated with his Collector in official relations.

2069
relations, and this can only be effected by their having the same head quarters and Office. The climatic & advantages of Cuddapah are the same for the Establishment of both Offices, and the District Forest Officer can always be permitted by the Collector to see & change, if necessary, in the salubrious climate of Madanapally.

3. The question was fully discussed in the correspondence connected with the transfer of the District Forest Office of Kurumb from a Vaidyal to Kurumb, recorded in Board's Proceedings Forest. No. 310 dated 13 July 1891 to which a reference is pointed. The advisability of the transfer of the District Forest Office of North Arcot from Vellore to Chittoor has also been brought forward recently by the Ag. Collector and is still under consideration. Moreover in regard to the Cocharani District a recent reference as to the Agency forests has still further impressed on the Board the necessity of keeping the District Forest Officer in touch with his Collector.

4. Madanapally is situated at the extreme South-West corner of the district, while the forests are scattered all over it, the chief of them lying in the Eastern half. Cuddapah lies almost at the centre of the district with the forests on all sides, while the distance from Cuddapah to Madanapally is by road 76 miles and by rail 150.

5. For the foregoing reasons the Board is unable to concur in the Collector's opinion and begs leave to recommend that the District Forest Officer's head quarters be not transferred from Cuddapah.

Order thereon 27 July 1893 - No. 2776.

The Government agrees with the Board.

in the views expressed in the Memo of the papers, read
alone, and accept the proposals made in Board's
Proceedings Serial No 595 Dated 25 May 1892.

2. The Government, however, concludes that
the accommodation proposed by the District Forest
Officer and Collector is excessive and should be curtailed
it being distinctly understood that the cost of the
buildings is on no account to exceed Rs 10,000.

3. Orders will issue in the Public Works Dept
for the preparation and submission of the necessary plans
and estimates.

Mis. G.O., 27 July 1893, No. 2776

SUBJECT.

Agreeing with the Board that the District Forest Officer's Head quarters should not be transferred from Cuddapah, considering that the accommodation proposed by D.F.O. is rather excessive, and stating that orders will issue to the P.W.D. for the preparation and submission of the necessary plans and estimates for the erection of buildings at Cuddapah at a cost not to exceed 10000 Rs.
