PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), dated 16th March 1893, Mis. No. 1768:—

Read—Proceedings of the Board of Revenue (Land Revenue), dated 18th February 1893, No. 74.

ABSTRACT.—Referring to all Collectors, except Madras, for report, Government Order, Revenue Department, communicating letter from the Director-General of Telegraphs, stating that the scheme by which Madanapalle has been connected to the telegraph system has proved fairly successful and inquiring whether there are any other places to which such extensions might be undertaken with a fair prospect of financial success.

Resolution—dated 16th March 1893, Mis. No. 1768.

With reference to the foregoing Proceedings, the Collector of Madura is requested to submit a special report on the advisability of extending the telegraph from Periyakulam to the Periyár works.

2. The town of Uttamapálaiyam, about 27 miles from Periyakulam, has a population of 8,164 and is a Sub-Magistrate's station. Five or six miles further on is the town of Cumbum with a population of 8,432, which is said to be a large trading centre.

3. It would appear that a telegraph station could be advantageously placed at one of these towns and that it would pay for both establishment and maintenance.

4. The distance from Cumbum to Tekkadi and the tunnel works at the head of the ghât appears to be about 18 miles. From Tekkadi to Periyár, 7 miles, there is already a telephone. It is understood that when the Periyár works are completed, it will be necessary to have telegraphic communication from the plains with the officer in charge of the sluices at the mouth of the tunnel, and it would appear that, if such communication were established at once, it would often effect a saving of time and money to Government besides being of use to the large temporary colony of merchants, artisans, &c., located at the works. The Collector is requested to consult the Engineer in charge of the works on this point.

(A true Extract.)

(Signed) W. S. MEYER,
Acting Secretary.

To the Collector of Madura.

READ—also the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioners of Land Revenue, dated 15th May 1893, No. 146:—

With reference to the Board's Resolution, dated 16th March 1893, Mis. No. 1768, calling for a special report on the advisability of extending the telegraph line from Periyakulam to the Periyár works, I have the honour to report that the Engineer in charge of the works considers a telegraphic connection between the tunnel head sluice and Madura absolutely necessary.

2. The Sub-Collector reports that the line would be useful to the works, but doubts if an office at Uttamapálaiyam or Cumbum would be self-supporting as there is no extensive trade at either place and the merchants are not willing to contribute towards the cost of extension.

3. I agree with the Engineer and think that the extension to Periyár is indispensably necessary. An office at Uttamapálayam, the head-quarters of the Deputy Tahsildar and Sub-Magistrate, may pay for the cost of the establishment.

RESOLUTION—dated 6th July 1893, No. 396.

The Collector's reply, read above, will be submitted for the orders of Government.

2. It appears to the Board, whose Acting Third Member has visited the locality, that an extension of the telegraph from Periyakulam to the Periyár Project works will be of such considerable advantage to Government that the cost of upkeep should be guaranteed out of the cost of the project. The telegraph will also be made use of by the large temporary colony at the works, and a station at Uttamapálayam or Cumbum will add to the receipts.

3. As the proposed extension is specially recommended in the interests of Government, it is separately submitted, apart from the general question of telegraphic extensions, referred for report in Government Order, Mis. No. 567, Revenue, dated 8th February 1893.

(True Copies and Extract.)

(Signed)

R. C. C. CARR,
Acting Secretary.

To the Secretary to Government, Revenue Department.
" Collector of Madura.
