GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From S. D. PEARS, Esq., Superintendent of Works, No. I Periyár Division, to the Chief Engineer, Public Works Department, dated Periyár, 12th July 1893, No. 84 C.E.

In continuation of my remarks regarding the water-shed cutting in the progress report of this division for May and June, I have the honour to bring more definitely to your notice the good work done by foreman Mr. Leiton on the above work since his appointment to it on Rs. 60 in September 1892.

2. The southern part of the cutting, as you are perhaps aware, is intended on completion to serve as a navigable canal, being the one link wanting between the summit of the ghât wire ropeway and the Mulyapanjan canal to complete the chain of communication from the limestone depôt at the foot of the ghât to the main dam at Periyár. Last February it was not expected that this link would be completed before the end of September. The anticipated date of completion has since been steadily advancing till the 1st July, on which date it was reported complete—three months earlier than expected. The cause of this has been solely Mr. Leiton's remarkable command of labour and the energy and method that he has exhibited.

3. The saving on transport which will be attained by the early completion of this piece of work will be very large, amounting probably to some thousands of rupees; but the ground on which I more particularly consider that Mr. Leiton's services are entitled to recognition is that, as he will probably be thrown out of employment on the completion of the remaining northernmost section of the cutting nine or ten months hence, he has been working steadily in the face of his own apparent interests by shortening the time of his employment.

4. I should be glad to appoint him first-grade sub-overseer in order to secure his further services, but no vacancy exists in this division, and I beg to recommend instead that his present pay of Rs. 100 may be increased by Rs. 25 per mensem from the 1st July, continuing to be charged to the work as now. I trust that you will be good enough to bring this request to the notice of Government and that they will see fit to accede to my recommendation.

Office-note from the Examiner, Public Works Accounts, dated 31st July 1893, No. 361 C.

Under orders contained in G.O., No. 2692 W., dated 28th September 1892, sanction of the Chief Engineer, Public Works Department, to the promotion recommended by the Superintendent of Works, Periyár, is apparently necessary ; but I would now strongly urge, for the re-consideration of Government, that the limit of an Executive Engineer's sanction for works establishment be raised to that prescribed in Government of India Code, chapter III, paragraph 95 (*h*). The present procedure only involves fruitless correspondence, while under that allowed by the Government of India no control is sacrificed, as the cost of all works establishment must be covered by estimated rates (Code chapter VII, paragraph 19).

2. Appointments between Rs. 100 and Rs. 250 apparently require the sanction of Government.

ORDER—dated 12th August 1893, No. 2073 W., Public Works.

The pay of foreman Mr. Leiton, of No. 1 Periyár division, may be increased to Rs. 125 per mensem, from 1st July 1893, as proposed by the Superintendent of Works, the charge being debited to "Works."

2. In modification of paragraph 2 of G.O., No. 2692 W., dated 28th September 1892, the Government is pleased to rule that the power of Executive Engineers to appoint work establishment will be regulated by paragraph 95 (*h*), chapter III, Public Works Code. Appointments from Rs. 100 to Rs. 250 per mensem will require the sanction of Government.

AUGUST.

Mr. J. C. Leiton

Increasing the pay of —, foreman, No. I Periyár division, to Rs. 125 per mensem from 1st July 1893, and, in modification of paragraph 2 of G.O., No. 2692 W., dated 28th September 1892, directing that the rule regarding the power of Executive Engineers to appoint work establishment be regulated as laid down in the Government of India Code.

Office of Superintendent of Works
No I Periyar Division
Periyar 1st July 1893.

No 84 C.E.

2073/7

From
E. D. Lears Esqre
Superintendent of Works
No I Periyar Division

To
The Chief Engineer
Public Works Department
Madras

Sir,

In continuation of my remarks regarding the Watershed cutting in the Progress Report of this Division for May and June, I have the honor to bring more definitely to your notice the good work done by foreman Mr Leiton on the above work since his appointment to it on Rs 60/ in September 1892.

The Southern part of the cutting

as

as you are perhaps aware — is intended on Completion to serve as a navigable Canal, being the one link wanting between the Summit of the ghaut wire-ropeway and the Mulyapanjan Canal, to Complete the chain of Communication from the limestone depot at the foot of the ghaut, to the Main Dam at Periyar. Last February it was not expected that this link would be Completed before the end of September. The anticipated date of Completion has since been steadily advancing till the 1st July on which date it was reported complete — 3 months earlier than expected. The Cause of this has been solely Mr Leiton's remarkable command of labour, & the energy and method that he has exhibited.

The Saving on transport which will

Mr. Leiton, Foreman

Begs to recommend that the pay of ——— may be increased to Rs 125/ per mensem and requests that this may be brought to the notice of Government.

No 1368 W of 20-5-93

No 2695 C.E. 22nd July 1893

To

C

For favour of remarks whether Govt. sanction to the proposed increase of pay is required.

2. Under Madras Code para 935 (5) the Chief Engineer had power to sanction pay between Rs 100 & 250 to works establishment.

3. India Code para 14 Chapter IX authorises Executive Engineers to sanction works establt: and para 15 (iv) limits the pay to Rs 250. Para 95 (h) Chapter III limits the power of Executive Engineers to Rs 100, but it is apparently nowhere stated who is to sanction appointments between Rs 100 & 250.
