READ—the following paper:—

From the Executive Engineer, Tinnevely Division, to the Superintending Engineer, VI Circle, dated 1st August 1893, No. 2317.

With reference to your No. 1017 T.N., dated 11th March 1893, I have the honour to state that I have informed all heads of departments that the ryots' shed (55 feet $\times$ 30 feet, tiled roofed), attached to the Head Assistant Collector's office at Sérmádévi, is available for use, and, in reply, I have received offers from the District Forest Officer, Superintendent of Post Offices, Palamcottah Division, and President, Taluk Board of Sérmádévi. The latter officer wants the building for a Local Fund dispensary. The Post Office Superintendent wants it for a post office and post-master's quarters. This being Imperial service, I have the honour to recommend that the building may be handed over to the Postal Department.

2. The Superintendent of Post Offices reported that, if a partition wall is erected in the centre room, the building will answer for an office and residence for post-master.

No. 335 T.N.

Copy submitted to the Chief Engineer, Public Works Department, for orders as to the department which is to have the option of taking the shed in question.

2. In the register of buildings, the building is shown as No. 12 with a value of Rs. 1,693 under Provincial in the Ambásamudram taluk, Tinnevely district. It was formerly used as a ryots' shed attached to the Head Assistant Collector's office, but subsequently it has been given by the Collector to the Medical Department without reference to this department. On a reference being made on the matter, that officer stated that the building, which is now used as a Local Fund dispensary, was given to that department without any condition. If the building is to be made over to the Local Fund Board, it is to be kept in repair and surrendered by that Board when required by the Public Works Department.

TRICHINOPOLY,
4th August 1893.

(Signed) W. HUGHES,
Suptdg. Engr., VI Circle.

ORDER—dated 16th August 1893, No. 2098 W., Public Works.

The transfer of the building to the District Board is confirmed on the conditions stated by the Superintending Engineer.
