TECHNICAL NOTE.

Name of work Providing an additional class room to the Govt Girls school at Krishnagiri in the Salem District

Amount of estimate Rs 630.

This estimate has been framed at the request of the Inspectress of Girls schools Southern Circle & provides for constructing an additional class room 20' x 15' behind the existing School house & connecting it with the main building by a covered way 7 feet long & 5½ feet wide.

The scantlings & wrought timbers are correct except that the wall plate may be made 4" x 2½" instead of 4½" x 1" as furnished

The plans & estimate have been countersigned by the Director of Public Instruction but they have not been passed through the Super Engineer IV Circle. They are however transferred in the Educational Dept with the remark that it would seem better to put the new room in front of the existing buildings instead of

CHIEF SECRETARIAT MADRAS.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

From the Director of Public Instruction, dated 14th July 1893, No. 7955.

I have the honour to submit for sanction the enclosed plan and estimate for Rs. 600 for constructing an additional class room behind the present building for the Government Girls' school, Krishnagiri, and to request that funds may be provided for the work. Miss Carr reports that the present accommodation is quite inadequate. The building belongs to Government.

O R D E R, dated 7th August 1893, No. 572.

The plan and estimates will be transferred to the Public Works Department. It would seem better to put the new room in front instead of behind the existing building.

2. The Director's attention will be drawn to G.O., dated 7th October 1892, No. 2606, W., communicated with G.O. dated 31st October 1892, No. 760, Education: The estimate exceeds Rs. 500 and ought not to have been prepared without the sanction of Government.
