GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil and Military Works.

READ—the following papers :—

From Brigadier-General G. ROWLANDSON, Commanding Southern District,
to the Chief Engineer, Military Works, Madras Division, dated Wellington,
19th July 1892, No. 2456 B.

I have the honour to inform you that the Commandant, South Indian Railway Volunteer Corps, in August 1891, brought to notice the want of a suitable building at Nellore which could be used as a Sergeant Instructor's quarters and an armoury combined for the company of that corps. This was intimated to the Quartermaster-General, who directed that the Public Works Department should be asked for a plan and estimate for the buildings in question.

2. On the 28th March 1892, the Commandant of the Corps reported that the plan and estimate had been received in his office from the Executive Engineer, Nellore, but it was returned for certain alterations; since then the Quartermaster-General has repeatedly called for the plan and estimate, and the Officer Commanding the Corps on being applied to has stated that his applications to the Executive Engineer for these documents are unheeded. I have, therefore, the honour to request that you will call upon the Executive Engineer, Nellore, for the very early production of the plan and estimate and for an explanation of the very great delay which has occurred.

No. 5975.

Transferred for favour of disposal.

(Signed) F. BULLOCK, Lieut., R.E.,
for Chief Engineer, M.W.D.

26th July 1892.

To the Chief Engineer, Public Works Department, Madras.

No. 66 D.

Copy forwarded to the Superintending Engineer, II Circle, who will cause the plan and estimate to be furnished as soon as possible and explain the seeming inattention to the Commandant's requirements.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

28th July 1892.

From the Executive Engineer, Nellore division, to the Superintending Engineer, II Circle, dated 11th August 1892, No. 137.

With reference to your endorsement No. 274 N.L., dated 4th instant, on Chief Engineer's No. 66 D., I have the honour to inform you that there was no inattention on the part of this department to the Commandant's requirements.

2. The plans and estimates (Rs. 8,460) were forwarded to you with this office letter No. 87, dated 29th June 1892; they were returned with your office letter No. 251 N.L., dated 27th July 1892, with instructions to inform the Adjutant, South Indian Railway Volunteer Rifle Corps, of the rules of this department and this has accordingly been done.

3. I have now the honour to retransmit the plans and estimates with data and report (8 in all) with necessary explanation given on the several points mentioned in paragraph 2 of letter No. 251 N.L., dated 27th July 1892.

No. 318 N.L.

Submitted to the Quartermaster-General, Madras, for favour of approval and submission to Government for sanction.

2. With reference to paragraph 2 of Executive Engineer's letter, the estimate was returned to the Executive Engineer with reference to G.O., No. 1506 W. of the 16th May 1892, under which the requisition for preparing estimate, &c., should have come through Government.

24th August 1892.

(Signed) J. W. MARTIN,
Superintending Engineer, II Circle.

No. 319 N.L.

Copies forwarded to the Chief Engineer, Public Works Department, with reference to his memo. No. 66 D. of the 28th July 1892.

24th August 1892.

(Signed) J. W. MARTIN,
Superintending Engineer, II Circle.

ORDER—dated 7th October 1892, No. 2806 W., Public Works.

In G.O., No. 1787 W., dated 16th June 1892, Superintending Engineers were directed to strictly observe the orders which had been given to the Consulting Architect in regard to the preparation of plans and estimates. Under these orders, no plans or estimates for buildings could be prepared at the requisition of heads of departments, unless the projected works had previously been approved by Government. The orders were originally issued in connection with an educational building and were afterwards extended to all Provincial works. They were not expressly declared to be applicable to Military works, but have been so applied in more than one instance. It thus becomes necessary to lay down definite instructions on this point, and, in doing so, the opportunity is taken of modifying the orders already given, the effect of which is more comprehensive than was intended, no exception being made in the case of minor works, however small the estimated cost.

2. It is accordingly now declared that G.O., No. 1787 W., dated 16th June 1892, shall apply only to works likely to cost more than Rs. 500 each and this limit will be adhered to in regard to both Civil and Military buildings.

3. Chapter X of the Madras Public Works Code contains rules on several military matters which are binding on officers of the Public Works Department at stations where Military works are still in charge of this department. This chapter will accordingly be revived and its provisions will be acted on in all cases, in which they do not conflict with the rules of the Government of India Code, and subject to the limit of Rs. 500 fixed in the preceding paragraph.

PROCEEDINGS OF THE MADRAS GOVERNMENT

Read the following paper :—

From the Surgeon General, Madras
of 29th June 1893, ^{No. 8/101} forwarding for sanction plans
and estimates for reconstructing and repairing portions
of the Calicut Lunatic Asylum.

Order of 20th July 1893, No. 1461.

There are apparently 6 wells in use at the
Calicut Asylum and the estimate for Rs 900 provides
for putting a new wooden platform to 3 of them
and building a masonry dome over another.
The safety of wooden platforms cannot be depended
upon and iron-grating should be substituted as is
done in jails. Five of the wells are 9½ feet in
diameter and one is 20 feet; the Executive Engineer
estimates the cost of iron-grating for each of the
small wells at Rs 350 and for the big well at
Rs 750. But as remarked by the Executive Engineer
6 wells seem unnecessary and, if 3 of the small
wells would be sufficient, the grating will not
cost much more than the present estimate for the
protection of 4 by means of wooden platforms and

a dome. The other two estimates for Rs. 2400 and
Rs. 25, respectively, are approved and will be trans-
ferred to the Public Works Department.

TECHNICAL NOTE.

Name of work

Reconstructing the Supts Office
at the Lunatic Asylum, Calicut, & repair-
ing the Stables attached thereto

The estimate under review is
amounting to Rs 2400 provides for
reconstructing the Supts Office at
the Lunatic Asylum, Calicut, since
the present office building being
reported to be in an unsafe con-
dition.

The proposed building will be
similar to the existing one & built
on the same site.

The repair estimate amounting
to Rs 25 provides for rebuilding
a portion of the stable wall which
is stated to be cracked.

The scantlings provided in the
estimate for roof timbers are
correct.

The estimate is in order &
the rates are fair. The amount
being within the sanctioning power
of the S.F. IV. the estimate may be
returned to that office for sanction.
