Letter—to the Secretary to the Government of India, Finance and Commerce Department, dated 21st July 1893, No. 691, Financial.

In reply to your letter of the 3rd instant, No. 2803-A, I am directed to forward the accompanying copy of a communication from the Chairman of the Madras Harbour Trust Board, showing the work which it is proposed to carry out and particulars of the amounts which will probably be required for harbour construction during the current official year. The intention of the Harbour Trust Board appears to be to take the loan, if required this year, as late as possible, in order to save interest hereon.

READ—also the following letter from J. E. O'CONOR, Esq., Assistant Secretary to the Government of India, Finance and Commerce Department, to the Chief Secretary to the Government of Madras, dated Simla, 31st July 1893, No. 3318-A:—

I am directed to acknowledge the receipt of your letter, No. 691, dated 21st July 1893, with which is forwarded copy of a communication* from the Chairman of the Madras Harbour Trust Board regarding the sum likely to be required for the construction of harbour works during the current official year.

2. I am to say that, as the Governor-General in Council does not consider it expedient to make arrangements now to provide funds which the Board may not require at all, no orders will be passed on its proposal at present. A formal application for the exact amount that will be required from Government may be submitted for consideration as soon as the Board has come to a final decision in the matter, and definite information whether any, and if so what, advance will be asked for from Government, must in any case be furnished six months before the money is required.
