GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper :—

From Brigadier-General H. P. PEARSON, C.B., Adjutant-General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 24th July 1893, No. N.A.-1377.

I have the honour, by desire of the Provisional Commander-in-Chief, to forward, for the information of Government, letter No. 323-E.—1810, dated 15th July 1893, from the Superintendent of Pensions, together with a report regarding the employment of pensioned soldiers of the Madras Army in civil capacities for the half-year ending 31st March 1893, and to say that the report is considered satisfactory, showing as it does an increase both in the number of pensioners employed since the submission of the last report and in the number of applicants for employment since August 1892.

2. As remarked in the last report, dated 11th March 1893, Major-General East considers that there is still room in both Civil and Military departments for the further employment of pensioners, and trusts that this matter may again receive attention.

3. I am to request that the report now submitted may be printed and circulated in the Public Department and also communicated to the Madras Press.

ENCLOSURES.

From Colonel FANE SEWELL, Superintendent of Pensions, to the Adjutant-General, dated Fort St. George, 15th July 1893, No. 323-E.—1810.

I have the honour to forward, for the information of His Excellency the Commander-in-Chief, a report and return for the half-year ending 31st March 1893 regarding the employment, in civil capacities, of pensioners of the Madras Native Army.

REPORT by the Superintendent of Pensions on the employment of pensioners of the Native Army in civil capacities, agreeably to the scheme promulgated by His Excellency Lord Roberts, G.C.B., G.C.I.E., V.C., late Commander-in-Chief, Madras Army.

The report, dated 23rd February 1893, after the scheme had been in work for 7 years and 9 months, showed 2,988 pensioners as remaining in employment on the 30th September 1892 under the new conditions.

2. Between September 1892 and March 1893, a period of six months, employment has been found for 791 pensioners, which, added to the 2,988 employed pensioners alluded to in the foregoing paragraph, gives a total of 3,779 pensioners.

3. Of the above number (3,779), 368 are reported as having voluntarily resigned employment, 132 as having been thrown out on reduction, 35 dismissed for negligence of duty, disobedience of orders, &c., and 36 died. These leave thus, on the 31st March 1893, a total of 3,208 as the number of pensioners employed under the new conditions.

4. The scheme has thus successfully stood its trial for 8 years and 3 months, the period of time it has been in existence since its introduction, and notwithstanding the opposition it had to encounter in certain circles and want of sufficient hearty co-operation in its advancement on the part of some of the Civil and Military departments, it has steadily increased in popularity and may now be said to have thoroughly established not only its claim to public and private support as advantageous to both employers and employed, but also its character as a permanent useful institution.

5. Of the 475 pensioners who had found employment for themselves *prior to 1885* and remained in employment on the 30th September 1892 (*vide* last report), only 446 pensioners remained in employment on the 31st March 1893, showing thus a decrease of 29 pensioners since last report, and which number is accounted for as follows:—

Voluntarily resigned	21
Thrown out on reduction	3
Dismissed for negligence of duty, disobedience, &c.	2
Died	3
Total	29

The number of pensioners employed on the 31st March 1893 stood as follows:—

Pensioners employed under the new conditions	3,208
" " " *prior* to the introduction of the scheme	446
Total	3,654

This number is composed as follows:—

Europeans or Indo-Britons	100
Eurasians	53
Mussulmans	1,287
Hindus and others	2,214
Total	3,654

6. On the 31st March 1893 there were 1,352 pensioners, candidates seeking employment at the different stations in the Presidency. This number includes all pensioners without *any* limit of age against 625 shown in the report, dated 29th August 1892, who were all pensioners *of and under 50 years of age*, as the Superintendent considers that in many instances age has not incapacitated men for work of even an arduous nature, while younger men from physical weakness and other causes have proved hardly able to compete with the older men in discharging similar duties. A nominal roll of these men, giving their ages, stations, nature of employment required by them, &c., will be printed and circulated freely throughout the Presidency. Amongst the men enumerated in the said nominal roll, there are many active, able-bodied, well-disciplined *young* men of good character, lately attached to some of the disbanded regiments, thoroughly equal to any work required of them.

7. During the half-year under report there has been an increase in the number of employed pensioners in the stations:—

Arcot.	Rajahmundry.	Gódávari district.
Arni.	Samalkot.	Kurnool.
Bellary.	Secunderabad.	Madura.

and a decrease in the stations:—

8. A statistical statement showing the number of pensioners employed at each station and giving a statement of the actual savings to Government thus effected in the half-year ending 31st March 1893 in the shape of rice compensation, viz., Rupees 34,471-11-7, is herewith attached.
