No. 12806

Office of Superintendent of
No. I. P. Division
P. W. 1st September 1903

From

S. D. Seara Esqrs

Superintendent of Works
No. I. P. Division

To

The Chief Engineer
Public Works Department
Madras

Enclosure 1.

Sir,

I have the honor to request
that you will be good enough to ask
for the sanction of Government to my
purchasing from Messrs Richardson
& Braddas three of Bull's patent
hand-dredgers for sand. Capacity
3 Cubic feet price Rs 100 each.

2. We have at present two similar
hand-dredgers in use which are worn
out and we are now compelled to
draw

on our stock. It has not been
night² worth while to replace these
merits in view of the approaching
completion of our arrangements for
edging by Steam. But the fine
weather has enabled us to make
such rapid progress on the dam
that it is not unlikely that our
stock may be exhausted before the
steam dredger is ready - at the end
of next month. It is also certain
that the Steam-dredger when in
use will sometimes have to be -
stopped for repairs &c in which
case - Should there happen at the
time to be an insufficient stock -
the whole work must necessarily
come to a stand still.

For these reasons

2377/3
I beg that I may be permitted to
purchase those now applied for. I
have ascertained that Messrs Richard
and Cordas have a sufficient
number in stock.

I have the honor to be,
Sir,
your most obedient servant

J. D. Vears
