GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From Major A. W. SMART, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 2nd September 1893, No. 340 E.W.

I have the honour to bring to your notice that the Executive Engineer, Salem division, has been requested by the Postal authorities to prepare an estimate for certain improvements to the postmaster's quarters at Jalarpet. The Executive Engineer, considering that the estimate would cost more than Rs. 500, desired the Postmaster-General, under G.O., No. 2806 W., dated 7th October 1892, to obtain the approval of Government for the preparation of estimate, who, in his letter No. 1022, dated 17th April 1893 (copy enclosed), stated that the Government order in question applies only to Provincial and Military Works and not to Postal buildings.

2. In these circumstances I request you will be good enough to let me know whether the interpretation of the Postmaster-General is correct since all the Postal buildings are classed as Imperial Civil Works. It would probably save unnecessary references if the Government order were also extended to "Imperial" departments.

ENCLOSURE.

From the Postmaster-General, Madras, to the Executive Engineer, Salem division, dated Madras, 17th April 1893, No. 1022.

With reference to your No. 42 M., dated 14th January 1893, addressed to the Superintendent of Post Offices, Coimbatore division, I beg to point out that the G.O., No. 2806 W., dated 7th October 1892, therein referred to is expressly applicable only to Provincial and Military Works and that it would not apply to Postal buildings which are Imperial, funds being provided for them from the grant at the disposal of the Director-General of Post Offices.

2. As an estimate has to be prepared before submitting an application to the authority by whom the cost has to be sanctioned, I request that you will be so good as to furnish the Superintendent of Post Offices, Coimbatore division, with an estimate of the cost of the improvements in the case of the building at Jalarpet on the lines indicated by him.

3. I beg to state that this proposal has been included in the schedule for the year 1893-94.

ORDER—dated 15th September 1893, No. 2378 W., Public Works.

Officers of the Public Works Department will be authorised to comply with requisitions from the Post and Telegraph authorities for plans and estimates for works costing up to Rs. 2,000, which is the limit, under paragraph 48, chapter IX of the Public Works Code, up to which the Directors-General, Post and Telegraph Departments, have power to sanction estimates.

2. G.O., No. 2806 W., dated 7th October 1892, applies only to works executed from funds found and allotted by this Government.
