GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From J. STURROCK, Esq., I.C.S., Acting Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 12th July 1893, No. 1055.

I have the honour to submit the annual report on the working of the Stationery office for the official year 1892–93 with the usual statements from A to E.

2. The results of the year under review, compared with those of the previous year, stand thus :—

	1891–92.	1892–93.
	RS.	RS.
Value of stores at the beginning of the year	4,40,706	3,29,399
,, of receipts during the year	3,32,807	4,78,042
Total ..	7,73,513	8,07,441
Value of issues during the year	4,44,114	4,49,741
Balance at the end of the year	3,29,399	3,57,700

3. The details of the receipts are given below :—

		1891–92.	1892–93.
		RS.	RS.
(1)	Value of Europe articles received from the Secretary State for India	1,26,413	1,84,737
(2)	,, of school books, &c., received from Messrs. Baker and Co., London	565	18,408
(3)	,, of Europe articles obtained locally ..	701	5,114
(4)	,, of country articles purchased locally ..	1,75,605	2,53,632
(5)	,, of articles received from other departments	4,914	..
(6)	,, of articles returned by officers	7,754	2,181
(7)	Receipts resulting from adjustments of accounts, &c.	16,855	13,970
	Total ..	3,32,807	4,78,042

4. *Item* (1)—*Stores from the Secretary of State for India.*—The increase in 1892–93 is partly due to the fall of exchange from 1*s.* 6$\frac{1}{2}$*d.* to 1*s.* 4$\frac{3}{4}$*d.* per rupee and partly to the increased demands under the articles noted below :—

—	Obtained in 1891–92.	Obtained in 1892–93.	Excess in 1892–93.
Paper.			
Drawing, antiquarian	Rs. ..	Rs. 1,424	Rs. 1,424

Total ..	19,458	95,285	75,827

5. *Item* (2)—*Books &c., received from Messrs. Baker and Co., London.*—The figure under this represents the value of books and maps obtained from Messrs. Baker and Co. on the indents of 1891–92 and 1892–93, viz., Rs. 10,089 and Rs. 8,319 respectively. The supply of 1891–92 was received at the end of March 1891, and is therefore included in the accounts of 1892–93. These figures, however, even when taken separately, show a considerable increase over the receipts shown under 1891–92, viz., Rs. 565, which appertain to the receipts of 1890–91, but appear in 1891–92 for reasons explained in paragraph 5 of the report of last year. The increase in 1891–92 and 1892–93 is due to the introduction of a series of new books in the Army schools.

6. *Item* (3)—*Europe articles obtained locally.*—The details of the receipts under this are shown in the margin. The supplies from the Stationery offices, Calcutta and Bombay, were obtained on loan owing to the non-receipt from England of the articles shown below in time to replenish the stock:—

	Rs.
1. Stores obtained from the Stationery office, Calcutta	2,244
2. Stores obtained from the Stationery office Bombay	1,495
3. Stores obtained from the Mathematical Instrument office, Calcutta ..	668
4. Stores purchased in the market ..	707
Total ..	5,114

	Rs.	A.	P.

2,000 envelopes O. L. square	23	8	0
Other minor articles	23	0	0
Total ..	3,739	0	0

Drawing and mathematical instruments valued at Rs. 668 were obtained from the Mathematical Instrument office, Calcutta, to meet certain urgent demands from the Public Works and Forest Departments. The following are the Europe articles purchased in the market during the year with reference to G.O., dated 28th June 1883, No. 1344, Financial:—

	Rs.	A.	P.
170 gross steel nibs	99	6	0

Other minor articles	61	15	0
Total ..	706	14	1

2430/2

7. *Item* (4)—*Country articles purchased locally.*—The purchases under this head during 1892–93 are very much higher than in the previous year and the increase is chiefly due to the receipts in 1892–93 of printing paper and other articles ordered for 1891–92 as explained in paragraph 8 of the annual report for 1891–92. The total expenditure of both years taken together, viz., Rs. 4,29,237, falls, however, within the sanctioned allotment for the two years, viz., Rs. 4,90,000. The details of the purchases are as under:—

	1891-92. Rs.	1892-93. Rs.
Paper from Bally Paper Mills Company	93,223	1,06,515
Do. Titaghur Mills Company	50,350	75,810

Twisted thread	1,066	1,250
Wooden articles	1,779	1,346
Blank books and covers	3,153	5,968
Other articles	936	646
Total ..	1,75,605	2,53,632

8. *Item* (6)—*Articles returned by officers.*—Of Rs. 2,181 shown under this head, Rs. 545 represent the value of articles returned by officers to be exchanged for similar or other articles; articles valued at Rs. 786 were returned to this office as being surplus in their stock, and the remainder, viz., Rs. 850, is the value of drawing and mathematical instruments returned by the General Superintendent, Public Works Stores.

9. *Item* (7)—*Receipts by adjustments.*—Of this, Rs. 1,250 is the value of service books received from the Government Press, for which paper, calico, &c., were supplied from the stock of this office, and Rs. 43 is the value of foolscap paper, cream-wove, issued to the Press to be ruled and received back into store. Adjustments made in books under receipts on account of errors, &c., during the year are valued at Rs. 553. Certain spare instruments were taken out from instrument boxes and issued on applications for them and the receipts corresponding to such issues are valued at Rs. 25. Articles valued at Rs. 190 were found as excess in the annual stock-taking and credited to accounts with reference to G.O., dated 28th October 1892, No. 1163, Financial. The remainder, viz., Rs. 11,909, adjusted under receipts, is the difference arising from fluctuations of prices in closing the ledger for the year.

10. *Substitution of Country for Europe articles.*—The statement marked F, appended to this report, shows the different articles of Indian manufacture obtained locally during the year in substitution of those formerly obtained from England, the net saving effected thereby being estimated at Rs. 36,400 against Rs. 3,458 of the previous year. The increase in the quantity of receipts explained in paragraph 7 *supra*, coupled with the fall of exchange adopted in comparing with the English prices of articles, accounts for the increase in the saving.

11. *Issues.*—In the year under review, 553 annual and 289 supplemental, or in all 842 indents were complied with against 1,001 in the previous year. The subjoined statement details the several indents of all kinds received during the year:—

—	Obtained in 1891–92.	Obtained in 1892–93.	Excess in 1892–93.

5. *Item* (2)—*Books &c., received from Messrs. Baker and Co., London.*—The figure under this represents the value of books and maps obtained from Messrs. Baker and Co. on the indents of 1891–92 and 1892–93, viz., Rs. 10,089 and Rs. 8,319 respectively. The supply of 1891–92 was received at the end of March 1891, and is therefore included in the accounts of 1892–93. 12. The value of total issues during the year amounted to Rs. 4,49,741 against Rs. 4,44,114 of the previous year as shown in the margin. A detailed statement of the value of stationery issued to several departments, compared with those of the two previous years, has been furnished to Government separately through the Accountant-General as required in G.O., dated 4th August 1890, No. 526, Financial, and the statement in Form E appended to this review shows in detail the issues appertaining to the respective years for which they were made as directed by Government in its orders, dated 23rd November 1888 and 21st January 1889, Nos. 875 and 27, Financial, respectively. The following is the comparative table showing the issues to several departments :—

NOTE.—The figures for 1891–92 have been taken from the revised statement furnished to Government with this office letter, dated 23rd July 1892, No. 1231, recorded under G.O., dated 2nd November 1892, No. 1187, Financial.

9. Political.

13. It will be observed from the above table that the issues in 1892–93 in the departments noted in the margin exceed those of the previous year by Rs. 32,131 and that in others there is a decrease amounting to Rs. 36,170.

14. The details of the issues under the head of Imperial are as under :—

	1891–92.	1892–93.
	Rs.	Rs.
(1) Postal Department	2,163	7,685
(2) Telegraph Department	1,311	1,213
(3) Mysore Residency	662	601
(4) Census establishment	1,579	115
(5) Regiments of other Presidencies in Upper Burma ..	21	22
(6) Meteorological Reporter	545	649
(7) Mathematical Instrument office, Calcutta	6,370	..
Total ..	12,651	10,285

The value of issues to the Postal department in 1892–93 is much higher than that in the previous year, but the figures include issues not really debitable to that year. After adjusting the figures, the issues stand thus; Rs. 3,936 for 1891–92 and Rs. 5,598 for 1892–93. The abolition of the Census establishments in the beginning of 1892–93 accounts for the fall under that head.

15. *Land Revenue.*—The charges under this amounted to Rs. 1,54,564 against Rs. 1,39,265 of the previous year as detailed below :—

	1891–92.	1892–93.
	Rs.	Rs.
Revenue Settlement, Land Records and Agriculture ..	15,730	5,124
Collectorates	1,04,073	1,19,366
Madras Revenue Survey	19,163	23,669
Inam Commissioner	67	123
Commissioner of Coorg	232	6,277
Pearl and Chank Fishery Depôt	..	5
Total ..	1,39,265	1,54,564

The annual indents of the departments of the Revenue Settlement, Land Records and Agriculture for 1893–94 were not received within the official year 1892–93, and hence the fall under this head. Of Rs. 23,669 shown against the Madras Revenue Survey department, Rs. 6,179 represent the value of issues appertaining to the year 1892–93 and Rs. 17,490 to 1893–94. The annual indents of the Commissioner of Coorg for 1892–93, which ought to have been submitted in 1891–92, were received and complied with in 1892–93, and hence the fall in the issues of 1891–92, compared with the issues in 1892–93. In the Collectorates, there has been an increase of Rs. 15,293, and this is due chiefly to the entertainment of Stationary Sub-Magistrates in all districts.

The comparative statement given below details the difference in the several districts :—

Collectorates.	Issues in 1891–92.	Issues in 1892–93.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.

16. *Salt and Forest.*—The increases in these departments are chiefly due to the annual indents of 1891–92 not being complied with until 1892–93. Of Rs. 24,745 shown against *salt*, Rs. 16,691 represent the value of stationery supplied to the Commissioner, Separate Revenue, and of this, only Rs. 675 appertain to the year 1892–93. The officers mentioned in the margin submitted their indents of 1891–92 and 1892–93 during the year under review and this accounts for the increase in the Forest Department.

Conservator of Forests, Northern Circle.

Examiner of Forest Accounts.

17. *Registration.*—The Inspector-General of Registration indented for 750 reams of royal hand-made paper against 500 reams of the previous year and this item alone leaves a difference of nearly Rs. 4,000.

18. *Law and Justice, A and B.*—Rupees 28,664 shown against Judicial Department include Rs. 3,933 being the value of printing paper issued for judicial forms. Increase in this department is also due to the organization of the additional Munsif Courts mentioned in the margin. Under the revised Jail Code, the Inspector-General of Jails had to print in this year several revised forms on costly paper. Sixty-five reams of royal machine-made alone supplied for printing convict registers cost Rs. 2,089.

19. *Under General Administration and Civil Works* there is a noticeable fall, but this is chiefly due to the non-receipt of the annual indents from the officers noted in the margin within the official year 1892–93. Their indents for 1893–94 were received and complied within the beginning of the current official year. The fall of issues in other departments, viz., Stationery and Printing and Military is chiefly due to the economy and scrutiny exercised in the indents.

20. The total charges under Provincial are Rs. 3,73,895 against Rs. 3,77,934 of the previous year, showing a decrease of Rs. 4,037. It may be mentioned here that this is a saving effected under circumstances explained in paragraph 41 of this office report for 1891–92, and even in the year under review, this office has been required to supply stationery to the offices mentioned in the margin in addition to those of previous years, while almost all public offices report an increase of work in their departments and a consequent necessity for an increased supply of stationery.

21. *Sales.*—The value of stationery issued on payment in this year was less than that of the past year by Rs. 3,716. The details of the issues to the several departments are given below:—

	1891–92.	1892–93.
	Rs.	Rs.

8. Service registers	1,153	952
9. Other offices	2,171	1,454
Total ..	33,328	29,612

22. Issues of other kinds, not properly debitable either to Imperial or Provincial, amounted to Rs. 35,948 against Rs. 20,201 of the previous year. The increase is normal, Rs. 27,330 being due to adjustments owing to the receipts and issues having been valued at different rates and also to the re-valuation of the closing balances at the issue rates. The reprint of service registers in this year has also increased the issues by Rs. 1,108. The Superintendent of Stationery, Calcutta, received on loan 100,000 quills, valued at Rs. 1,875, which is adjusted under this head. Other adjustments are usual and call for no special remarks. The details of the issues under adjustments are as follows:—

23. *Supplemental Indents.*—In the year under review, 289 supplemental indents were received against 403 in the previous year. The total value of these indents amounted to Rs. 29,127 against Rupees 37,167 as shown in the margin. Form G appended to this report gives the particulars of the several indents complied with during the year. Probably the number of supplemental indents could be further reduced if officers would exercise more economy and vigilance in the expenditure of stationery. The details of the supplemental indents complied with during the year are as under :—

24. The value of the stock at the close of the year was Rs. 3,57,700 against Rs. 3,29,399 in the previous year and the increase is chiefly due to the increase in the receipts of the year which is explained in the first part of this report.

25. *Rubber Stamps.*—The details relating to the supply of rubber stamps, ink, pads, &c., to the several departments during the year under G.O., dated 15th March 1890, No. 218, Financial, are shown in statement H appended hereto. The contract for this supply continued with Messrs. Addison and Co., Madras, for this year.

Three hundred and sixty-seven indents for 924 stamps and 2,385 oz. of ink were complied with during the year against 339 indents for 469 stamps and 2,580 oz. ink in the previous year, and the cost of the supply amounted to Rs. 8,238 against Rs. 4,877 as shown in the margin. 27. The increase is chiefly in the Judicial and Land Revenue Departments and is owing to the supply of stamps used on copies of official documents, &c., granted to parties. The supply of these stamps to the Collectorates was sanctioned by the Board in its Proceedings (Land Revenue), dated 4th June 1892, No. 267, and amounted in value to Rs. 3,600 as shown in the margin. The establishment of additional Munsif Courts and the creation of the Stationary Sub-Magistrate Courts in the Collectorates have also increased the demands for rubber stamps. I may mention here that the demands for rubber stamps are now very numerous, many officers adopting stamps for heading of letters and other scriptory work hitherto ordinarily done by clerks and ordering them in all sizes without any apparent consideration of cost. Indents for them are received at all times throughout the year as occasion arises. The exercise of a proper check and scrutiny on the part of the heads of departments in this direction is, I submit, greatly required and unless Indenting officers choose to restrict the use of rubber stamps to purposes of absolute necessity and take into consideration the pecuniary saving or loss likely to result from the introduction of rubber stamps for any particular purpose, the expenditure under this head will probably go on increasing without limit and the object of Government in concentrating the supply from this office cannot be secured.

29. *Receipts—Items* (1) *and* (3).—The value of stationery and service books issued during the year on payment is shown to be Rs. 29,612 in paragraph 21, while the amount shown in the cash statement is Rs. 31,669 (Rs. 30,666 + Rs. 1,003). The difference is explained as follows :—

30. The fall in the proceeds of the sale of waste paper (item 5) is due to the reduction in the contract rates for this article in 1892–93 and that in the Railway and Postage charges (item 9) is owing to the reduction in the demands of stationery from the State Railways and other departments not entitled to free carriage as explained in paragraph 21.

2430/6

31. *Disbursements—Item* (1).—The difference between the amount entered in the above table, viz., Rs. 2,58,291, and the value of stores shown as purchased locally under items (3) and (4) in paragraph 3, viz., Rs. 2,58,746 (Rs. 2,53,632 + Rs. 5,114), is explained below :—

	Rs.	Rs.
Value of stationery purchased in India in 1892–93 as shown in paragraph 3		2,58,746
Add—		
Value of rubber stamps paid for under purchase of stationery	8,211

Value of stationery obtained from the Stationery offices at Calcutta and Bombay as loan	3,739	
	8,851	
Total ..		2,58,291

32. The increase under local purchase of stationery is due to the receipt in 1892–93 of articles ordered for 1891–92 as already explained in paragraph 7. The increases under items (5) and (6) are due to the increased number of packages despatched to out-stations, almost all annual indents having been complied with during the year. The removal of a portion of stores to the old High Court buildings for custody has also increased the charges under this head. The increase of Rs. 230 under *rates and taxes* is the assessment which this office had to pay to the municipality for occupying for its stores a portion of the old Police Court buildings. The other items call for no remarks.

33. The service registers of the employés in the Stationery office have been duly written up and verified with reference to G.O., dated 22nd February 1886, No. 396, Public Department.

34. *Consumption.*—The usual statements showing the consumption of stationery articles in the several departments noted in the margin during 1891–92, compared with that of the preceding year, are annexed and show the actual quantity expended by the departments under each class of articles. The figures were taken from the indents of the officers for the year 1893–94. The several descriptions of paper are grouped as writing, printing and country and cartridge papers; Europe and country sealing waxes are shown under one head; tapes of all kinds under one, Europe and country twines under one and the rest, viz., black-ink powder, Fuchsine and wax-cloth are shown separately. The other articles, of which some are supplied upon sanctioned allotment and the rest of little importance, are omitted in the statement. The subjoined is the

table of total consumptions of the articles in all departments and shows increase under printing paper, Fuchsine, tape and twine and decrease under other articles, but it compares favorably with the results of the two preceding years as then there was an increase in all articles excepting writing paper, as may be seen in paragraph 65 of the last annual report:—

35. *Printing Paper.*—Increase of consumption under this is chiefly in the Collectorates. In the districts of Anantapur, Bellary, Chingleput and Gódávari, the consumption in 1891–92 was about twice as much as in the previous year; in Kistna and Tanjore the increase was nearly half as much and in South Arcot, Coimbatore and Malabar about one-third as much as in 1890–91 as shown below:—

36. *Black-ink Powder.*—Under this article, although the total expenditure in all departments shows a saving of 917 papers of powder, yet there is an increase of consumption in the offices noted below, of which the increases in the Collectorates of South Arcot and Vizagapatam, District Court, Madura, District Forest Office, North Arcot, and the offices of the Executive Engineers, Rushikulya and North Arcot Divisions, are abnormal:—

37. *Fuchsine.*—Under this in all departments there is only an increase of 234 oz. or one-tenth of the consumption in 1890–90, and this is attributable chiefly to the following offices:—

38. *Red Sealing-wax and Wax-cloth.*—Under these items there are decreases of 68 lb. and 1,400 yards, respectively, in the total consumption by all departments. There are, however, noticeable increases under red sealing-wax in the offices mentioned in the margin and also under wax-cloth in those shown hereunder:—

41. *Quills and Steel Nibs.*—Agreeably to the wishes of the Secretary of State for India with a view to introduce steel nibs in the place of quills, several kinds of sample nibs were obtained from England and supplied for trial and opinion to all offices on their indents for 1892–93. Almost all of them have accepted the steel nibs in the place of quills. The last annual indent of this office on the Secretary of State for India was scrutinized according to the requirements of nibs selected by officers, with the result of a saving of Rs. 11,800 in their substitution for quills, as explained in paragraph 6 of this office letter, dated 7th March 1893, No. 262, embodied in G.O., dated 15th March 1893, No. 265, Financial. The annual indents from public offices for 1893–94 were also similarly scrutinized and complied with. I intend to revise exhaustively the scale for the supply of quills and steel nibs according to the actual requirements of the several classes of officers, as that laid down in Appendix E to rule 20 of the Stationery rules sanctioned in G.O., dated 5th September 1892, No. 912, Financial, is too general and gives no definite bases to the indenting officers in the preparation of their indents. After doing so, and after receiving the supply of the various steel pens which I have now included in the last annual indent on the Secretary of State, the expenditure of quills, I have no doubt, can be reduced to a much lower figure than in the present year. The subjoined statement of the issues of quills and steel pens during the past six years will show that every endeavour is being made by this department to minimise the expenditure in this direction :—

	Steel pens issued.	Number of quills issued.
	GROSS.	NO.
In 1887–88	4,093	1,555,533
In 1888–89	3,735	994,705
In 1889–90	3,036	697,899
In 1890–91	5,124	669,070
In 1891–92	4,916	550,162
In 1892–93	8,283	438,124

42. *Printed Forms.*—Indents for the year under review were received from the Collectors noted in the margin. They were checked with reference to the size and quality of paper used for the several forms indented for as well as to their average annual expenditure and passed on to the Superintendent, Government Press, for compliance. The details connected therewith and the saving effected by checking them, viz., Rs. 1,338, were already reported in this office letter, dated 9th February 1893, No. 144. In this letter it was proposed that indents from six other Collectorates, viz., Salem, Coimbatore, Nilgiris, North Arcot, Cuddapah and Nellore should also be obtained in 1893–94. Of these, the Collectors of North Arcot and Nellore have submitted their indents and they are

being scrutinized and sent on to the Press. The Collector of Coimbatore reported that he had already made his own arrangements for obtaining the forms required for the current year. The indents from three districts more remain to be received this year. In scrutinizing these indents every endeavour is made to secure economy and uniformity.

2430/93

From W. AUSTIN, Esq., I.C.S., Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 12th August 1893, No. 1135.

Order—dated 24th August 1893, No. 825, Financial.

The annual report on the working of the Stationery Department in 1892–93 has been punctually submitted.

2. The value of receipts rose from 3·32 lakhs in the previous year to 4·78.

The increase of ·58 lakhs in the value of articles received from the Secretary of State was partly due to the fall in exchange and partly to increased demands under drawing paper and instruments and lithographic and other papers.

Under school books and maps received from Messrs. Baker and Co., there was an increase of ·17 lakhs. The figure for the year under review includes, however, the value of articles indented for in the previous year. The value of the indents under this head during the last three years have been as follows:—

	Rs.
1890–91	565
1891–92	10,089
1892–93	8,319

the increase in 1891–92 and 1892–93 being due to the introduction of a series of new books into Army schools.

Of the sum of Rs. 5,114 shown against articles of European manufacture purchased locally, Rs. 707 represents purchases in the local market, the remainder being the value of stores obtained on loan from the Stationery Offices at Calcutta and Bombay owing to the non-receipt of articles from [illegible] instruments procured from the Mathematical Instrument Office, Calcutta, to meet urgent demands from the Public Works and Forest Departments.

The value of country articles purchased locally rose from 1·75 to 2·53 lakhs. This increase was due to the receipt in 1892–93 of printing paper and other articles ordered for 1891–92 which was alluded to in paragraph 2 of last year's review.

3. The value of total issues, under which are included sales (·29) and adjustments (·35), was 4·49 lakhs against 4·44. The portion debitable to Provincial funds, however, fell from 3·77 to 3·73 lakhs and this result is satisfactory when it is considered that thirteen offices, in addition to those of previous years, were supplied with stationery. The fluctuations in the figures against several departments were due to unpunctual submission of indents. This unpunctuality renders comparison of the indents of each year difficult; heads of departments are requested to adhere to the dates fixed in the Stationery rules.

4. The value of stores at the commencement of the year was 3·29 lakhs and at its close 3·57 lakhs.

5. A net saving of Rs. 36,400 was effected by the substitution of country for European articles. The increase on the amount for the previous year (Rs. 3,458) is accounted for partly by larger local purchases and partly by the fall in the rate of exchange adopted in comparing English prices.

6. There was an increase in the consumption by public offices of printing paper, fuchsine, tape and twine, and a decrease under other articles. The increase under the first head in the marginally-noted Collectorates was not counterbalanced by any diminution in the consumption of writing papers. The attention of the officers concerned, and especially of the Collectors of Anantapur, South Arcot, Godávari and Tanjore and of the District Judge, South Malabar, will be drawn to paragraphs 35–40 of the Superintendent's present report and to paragraph 6 of G.O., dated 24th August 1892, No. 859, the remarks in which apply equally at present.

Anantapur.	Malabar.
Chingleput.	Tanjore.
Godávari.	

7. The saving effected by the substitution of steel pens for quills is satisfactory, and the Government notes that the Superintendent of Stationery contemplates a revision of the scale of supply of these articles which will result in further economy.

8. The application to six Collectorates of the new system of supplying printed forms resulted in a saving of Rs. 1,338.

9. In previous reviews the Government has commented on the number of supplemental indents. Though these decreased from 403 to 289, the number is still excessive and the Government must insist on the strict observance of its orders on this point. The indiscriminate use of rubber stamps referred to in the concluding portion of paragraph 27 of Mr. Sturrock's report is another matter calling for attention. The Superintendent will be directed not to comply in future with any indent for these articles—supplemental or otherwise—unless the clearest necessity for them is shown.

10. The working of the department reflects credit on the Superintendent and his subordinates. There is still much room for economy on the part of heads of departments and the enforcement of the rules issued last September will, the Government feels certain, do much towards effecting this.
