GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From W. C. LEWIS, Esq., Executive Engineer, Coimbatore Division, to the
Superintending Engineer, IV Circle, dated Coimbatore, 28th August 1893,
No. 3242.

I have the honour to inform you that the Ootacamund municipality request this department to hand over to them the building, known as the Mill House, at the old brickfield at the lower end of the lake. As we have ceased brick manufacture there for some years and removed all the bricks and are not, I think, likely to commence again, and our keeping it in our hands entails one of the men supposed to be employed in clearing the weeds being employed as a watchman, I think the municipality might be allowed to have it. The value of the building is about Rs. 500.

No. 346 E.W.

Copy forwarded to the Chief Engineer, Public Works Department, with a request that he will be good enough to obtain the sanction of Government to the transfer of the Mill House building to Ootacamund municipality on the understanding that it shall revert to Government if required by them.

2. The building was estimated to be worth Rs. 1,269 in 1889, but the Executive Engineer reports that it would not fetch more than Rs. 500 as it is now in a very bad state of repair.

Suptg. Engr., IV Circle.

ORDER—dated 21st September 1893, No. 2433 W., Public Works.

The transfer of the building in question to the municipality is sanctioned on the condition named by the Superintending Engineer.
