ENCLOSURES /

SUBJECT.

Map showing the exact
position of works connected
with the Rushikulya
Project completed during
the year 1892 —
Submitting —

Sd/-

The accompanying map show-
ing the exact position of works
connected with the Rushikulya
project is prepared in accordance
with the instructions laid down in
in India circular No. 1486 dated
16th Jan^y 1892 embodied in G.O.
No. 431 dated 12th Feb^y 92.

The map is traced from a
Revenue Survey map on a
Scale of 1" = 1 mile. (a note
to that effect is made in
the tracing). It shows the
alignment of the canal, posi-
tion of the canals & aqueducts,
boundary of the reservoir, village
site & the crossing of roads completed &c during the
year 1892.

From para III of the circular
it would appear that the origi-
nal drawings are required to
be sent to the Survey General
& be returned by that officer. As
to save the labor of making
tracings.
