BOARD OF REVENUE (REV. SETT., L. RDS. AND AGRI.), 13TH JUNE 1893, No. 231.

PROCEEDINGS OF THE BOARD OF REVENUE

(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from F. A. NICHOLSON, Esq., Acting Collector of Anantapur, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated 3rd May 1893, Dis. No. 1398:—

I have the honour to submit, herewith, the programme of famine relief works for 1893–94, in forms A, B and C prescribed in Board's Proceedings, No. 411, dated 7th June 1892.

2. I regret the delay in the submission of this programme which was due to the late receipt of the returns from some of the taluks, especially Tadpatri * from which it was only received on the 28th ultimo.

RESOLUTION—dated 13th June 1893, No. 231.

The abstract of the programme of famine relief works for 1893–94 received from the Collector of Anantapur will be submitted for the information of Government.

2. The programme includes provision for the construction of two new irrigation works at a cost of 1·10 lakhs, and repairs to existing works 2·16 lakhs; forest-fencing works ·68 lakh; the construction of nearly 50 miles of new roads to cost ·87 lakh, and repairs to existing roads 6·30 lakhs; drinking-water supply works to cost ·07 lakh, and other miscellaneous works to cost ·77 lakh, including those to be carried out by the aid of State loans at a cost of ·65 lakh. But the provision made for forest-fencing works should have been excluded from the programme with reference to Board's Proceedings, No. 4, dated 9th January 1893. The total cost of all classes of works including forest-fencing amounts to Rs. 11,94,629, which is calculated to afford employment for three months to 22·49 per cent. of the population of the district.

3. The provision made appears sufficient in all taluks, though in Dharmavaram it is rather below the 20 per cent. minimum fixed by the rules. Provision has not been made for the repair of a number of the irrigation works in this and in Anantapur, Gooty, Hindupur and Madakasíra taluks which are said to need repair. This should be provided in the programme for next year. A sum of Rs. 68,844 is provided for the construction of a new tank in Potulakunta village, Penukonda taluk, and from the remark made against this item in list No. 2, printed and circulated in Board's Proceedings, No. 412, dated 8th June 1892, it appears that this project was partially investigated previous to 1877 and is under revision. The Chief Engineer for Irrigation is requested to inform the Board whether the project is in a sufficiently forward state of preparation for inclusion in the programme of famine relief works.

4. Detailed estimates are ready for works to cost Rs. 6,48,756, or 57·5 per cent. of the total provision.

5. The provision made for the construction of new irrigation works should not find a place in statement B, which is intended to show only the provision made for the repair of existing irrigation works. The length of the new roads proposed in the Tadpatri taluk should have been entered in the detailed list A.
