PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from

the Government of India, Finance & Commerce Department
d/14 August 1893. No. A
3517

I am directed to acknowledge the receipt of your letter No. 2638 d/ the 15 July 1893, forwarding a copy of correspondence regarding the construction of a canal from the Manginapudi salt factory to Masulipatam in the Krishna district, in view to affording facilities for the brine part of salt; and requesting that a special allotment of Rs 5000/- may be made during the current year for its construction.

2. It is stated that no provision was made in the current year's Estimates on this account owing to a mistaken impression on the part of the Board of Revenue that the canal would be excavated from Provincial funds and that the necessary provision would be made in the Public Works Budget, but that as the canal is required almost entirely in the interests of the Salt Department, His Excy. the Governor in Council considers that the cost of its construction should be debited to the Salt Budget.

3. In reply I am directed to say that the cost of the Canal is properly chargeable to the head 43 - Minor Works and Navigation, which is a provincial head of account under the current Provincial contract and not to the head

2475

had 5 salt, and that in the opinion of the Governor
General in Council the fact of the work being required
in the interests of the Salt Department is not a sufficient
reason for charging its cost to the latter head.

Order 1873-14 September 1873 - No 3381.
Communicated to the Board
of Revenue.
