GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following paper :—

From the Superintendent, East Coast Division of Telegraphs, to the Joint Secretary to the Government of Madras, Public Works Department, dated Vizagapatam, 16th September 1893, No. 5079.

With reference to your memorandum No. 804 D., dated the 6th of September 1893, I have the honour to forward, herewith, circular memorandum No. 6, dated 18th December 1889, of Director-General of Telegraphs, and to state that the date of receipt of your memorandum, viz., 14th September 1893, is taken as the date from which the three months' notice required by condition V is given.

Enclosure.

No. 6 (Telephone).

CIRCULAR MEMORANDUM.

With circular memorandum No. 2 (Telephone), of 24th September 1884, was issued an appendix laying down the telephone rates to be charged for exchange connections or private lines.

2. At the time these rates were issued the business was comparatively new, the average cost of telephone lines was not known, and the rates were experimental; but from five years' experience of constructing telephone lines in many places, it is now found possible to reduce these rates, and in the accompanying appendix will be found the rates and terms applicable to all subscribers from 1st January 1890.

3. A copy of this circular memorandum and of this appendix will be sent by Superintendents of Divisions to all present subscribers and to any public officer or private individual who may, in future, make inquiries about a contemplated line.

4. It is to be noted that this circular does not apply in any way to lines supplied for railways or for canals, the charges for which, if not laid down in memorandum J, dated 15th March 1887, will be specially fixed by the Director-General.

Calcutta,
18th December 1889.

(Signed) H. A. MALLOCK,
Director-General of Telegraphs.

Appendix to Circular Memorandum No. 6 (Telephone) of 1889.

[*Telephone rates charged to Government offices, municipalities, and private firms or individuals for exchange connections or private lines on and after the 1st January* 1890.]

	Per annum. RS.
Rent and maintenance of each telephone transmitter and receiver ...	60
For each connection to a central exchange if the central exchange be not worked by the Telegraph Department	30
For each connection to a central exchange if the central exchange be worked by the Telegraph Department, *plus* the charges for the exchange operators as follows	30
For 15 or more connections to the exchange for 8 hours' service per day per subscriber	30
For 15 or more connections to the exchange for 16 hours' service per day per subscriber	55
For 15 or more connections to the exchange for 24 hours' service per day per subscriber	80
If there be less than 15 connections to the exchange, the charge for the exchange operators must be rateably divided among the subscribers.	
For an extra bell connection	10
In addition to the above rates per half mile of wire per annum according to distance	20

Examples of charging.

I.—A private line between two offices situated 2,500 yards apart—

	RS.

II.—A private line connecting three offices in one circuit (an arrangement not recommended), the total length of the circuit being 2,500 yards—

	RS.
3 half miles of line at Rs. 20	60
3 telephones complete at Rs. 60	180
Total ...	240

III.—A private line connecting a mill with a dwelling-house 2,500 yards distant, the telephone in the dwelling-house being in one room and an extra bell in connection with it in another—

	RS.
3 half miles of line at Rs. 20	60
2 telephones complete at Rs. 60	120
Extra bell connection	10
Total ...	190

IV.—Fifteen offices joined to an exchange *not worked* by the Telegraph Department; total length of wire circuits, 9¼ miles—

	RS.
Wire circuits (over 18 half miles) 19 half miles at Rs. 20	380
15 telephones at out-stations 1 telephone at exchange } = 16 telephones at Rs. 60	960
15 indicator connections at Rs. 30	450
Total ...	1,790

V.—Fifteen offices joined to an exchange *worked* by the Telegraph Department for 8 hours daily; total length of wire circuits, 9¼ miles—

	RS.
Wire circuits (over 18 half miles) 19 half miles at Rs. 20	380
15 telephones at out-stations 1 telephone at exchange } = 16 telephones at Rs. 60	960
15 indicator connections at Rs. 30	450
Charge for services of operators at Rs. 30 per circuit	450
Total ...	2,240

VI.—Fifteen offices joined to an exchange worked by the Telegraph Department for 16 hours daily; total length of wire circuits, 9¼ miles—

	RS.
Wire circuits (over 18 half miles) 19 half miles at Rs. 20	380
15 telephones at out-stations 1 telephone at exchange } = 16 telephones at Rs. 60	960
15 indicator connections at Rs. 30	450
Charge for services of operators at Rs. 55 per circuit	825
Total ...	2,615

VII.—Fifteen offices joined to an exchange worked by the Telegraph Department for 24 hours daily; total length of wire circuits, 9¼ miles—

	RS.
Wire circuits (over 18 half miles) 19 half miles at Rs. 20	380
15 telephones at out-stations 1 telephone at exchange } = 16 telephones at Rs. 60	960
15 indicator connections at Rs. 30	450
Charge for services of operators at Rs. 80 per circuit	1,200
Total ...	2,990

258/2

VIII.—Twelve offices joined to an exchange *not* worked by the Telegraph Department; total length of wire circuits, 10¼ miles—

	RS.
Wire circuits (over 20 half miles) 21 half miles at Rs. 20	420
12 telephones at out-stations 1 telephone at exchange } = 13 telephones at Rs. 60	780
12 indicator connections at Rs. 30	360
Total ...	1,560

IX.—Twelve officers joined to an exchange worked by the Telegraph Department; total length of wire circuits, 10¼ miles—

	RS.
Wire circuits (over 20 half miles) 21 half miles at Rs. 20	420
12 telephones at out-stations 1 telephone at exchange } = 13 telephones at Rs. 60	780
12 indicator connections at Rs. 30	360

The charge for the operators to be divided rateably among the subscribers.

Conditions.

I.—The above charges include the expenses of the first inauguration; but should a subscriber by changing his residence or office require the connections to be altered, a fixed charge of Rs. 20 will be made to cover the expenses of such alterations.

II.—In a case where an alteration may cause an addition to, or decrease of, the wire mileage, the subsequent rental will be proportionately increased or decreased, as the case may be, notwithstanding the charge for the actual alteration.

III.—It is to be distinctly understood that the department will not undertake to maintain or to supply battery material for any apparatus that is not the property of the department.

IV.—Lines without instruments can, however, be supplied and maintained at the rates quoted above.

V.—*For lines for Government offices and municipalities.*—Bills are prepared half-yearly in arrears on the 30th June and 31st December of each year. The first bill is for the broken period to the end of the half-year. Subsequent bills are for complete half-years. No complete line or connection to an exchange can be given up without three months' notice, and, if given up within twelve months of its first inauguration, a twelve months' rent will be charged.

VI.—*For lines for private firms or individuals.*—Bills are prepared annually in advance on the 1st January of each year; but should a subscriber wish to be supplied with a line on any other date than the 1st January, he shall, in respect of the then current year, be required to pay in advance a proportionate part only of the total annual rent payable by him. Charges for alterations or extra rent for extensions in respect of the then current year are payable on the completion of alteration or extension. No line or connection to an exchange can be given up without three months' notice or three months' rent in lieu of such notice, and further, if given up within twelve months of its first inauguration, twelve months' rent will be charged.
