COLLEGE OF ENGINEERING, MADRAS.

No. 413 C

Dated 15th September 1893.

From

MAJOR H. D. LOVE, R.E.,
PRINCIPAL, COLLEGE OF ENGINEERING, MADRAS,

To

The Chief Engineer,
Public Works Department.

SIR,

Enclosure (one)

Referring to your No. 818 D dated 9th September 1893, I have the honor to state that, so far as I am aware, all qualified Engineer Subordinates are employed.

2. A batch of eight men will finish their practical course on Works in December next. Some of them will be required for permanent employment in the Public Works Department. The remainder would probably be willing to accept temporary employment. If the men are required at short notice, I suggest

that, with the concurrence of the Director of Public Instruction, the last three months of their training be dispensed with, and that they be appointed forthwith to the Department permanently or temporarily s the case may be.

3. There are several unmployed Surveyors who night be tried ~~trained~~ as temporary Upper Subordinates n the total absence of qualified men. I enclose a list f Such men with their addresses.

I have the honor to be,
Sir,
Your most obedient servant,
J. Clive. Major, R.E.
Principal

Note for orders.

The services of upper subordinates are urgently required to fill vacancies in some of the Circles, but no qualified men are available for employment. The only course therefore which appears open is to curtail the practical instruction on works of some of the students of the Engineer Subordinate Class, as suggested by the × Principal of the College, and appoint them at once to the Department. A certain time must elapse before the men can start for the Stations to which they may be posted, and there will

× Vide letter No. 413C of 12.9.93.

there probably be no more than 2½ months curtailed from the prescribed practical course.

Four appointments as Overseers 3rd Grade are guaranteed to the Engineer ubordinate Students of 891, and these fall due i ordinary course on the st January 1894. It is ecommended that they be now given, and that wo more appointments n the 3rd Grade be offered o Students of the Engineer Class of the same year. There are 6 vacancies n the sanctioned scale.

No 2508 W d/ 2nd October 1893

PUBLIC WORKS DEPARTMENT.

## PROCEEDINGS OF THE MADRAS GOVERNMENT.

~~READ the following~~

As the services of Upper Subordinates are urgently required to fill vacancies in the sanctioned scale of Establishment of the P.W.D, His Excellency the Governor in Council resolves to authorise the Chief Engineer to select men from the Engineer Student, and Engineer Subordinate classes ~~those~~ now undergoing practical training ~~on~~ ~~works~~. The practical course of these men should have extended to the end of the Calendar year, but under existing exceptional circumstances the course will be slightly curtailed. ~~by about 2½ months~~.
