PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Presidency Post Office,
Madras, of 9th August 1893, No $\frac{690}{272}$ G.

A question has arisen as to the most suitable place to be set apart for the storage of the supply of the mineral oil which will be required for the new light at this port. There is ample space for the oil in the tower in which the new light apparatus is placed, but from a copy of a communication from the Registrar of the High Court to the Consulting Architect to Government on the subject—which I enclose for perusal—it would appear that the Honorable Judges have some objection to the oil being stored inside the High Court building and also consider it inadvisable to retain the structure at the base of the column of the old light as a store-room for the purpose. To construct a special building for the storage of the oil in question will involve additional expense.

expense, and I beg that I may be favored
with instructions as to the course to be pursued.

Order, 20th September 1893, No 341.

Communicated to the Public
Works Department with the request that an
estimate may be furnished for the construction
of a suitable store-room at the rear of the Law
Courts on a site to be approved by the
Honorable the Judges of the High Court and
the Presidency Port Officer.

(True Extract)

W. Ashpitel
Under Secretary P.W.D.
for Chief Secretary.

To

The Public Works Department.

" Honorable the Chief Justice of the High Court.
