THE AGENTS TO THE GOVERNOR GENERAL FOR CENTRAL INDIA AND RAJ-PUTANA.
THE DIRECTOR GENERAL OF RAILWAYS.
THE DIRECTOR GENERAL OF TELEGRAPHS.

Simla, the 4th September 1893.

SIR,

I am directed to forward, for favour of an expression of your opinion thereon, the accompanying copy of a letter from the Commissary-General-in-Chief, No. 257 T., dated 15th June last, relative to the proposed insertion in the Public Works contracts for carts, of a stipulation similar to that existing in the case of contracts entered into by the Commissariat Department for hired carts, with a view to the army transport carts being utilised whenever available.

2. With regard to the charges to be paid to the Commissariat Department for the use of transport carts by other Departments, I am to say that, if double draught mule carts are supplied and the mules have to be rationed by the Commissariat Department, that Department will charge Rs. 1-4-0 *per diem* for the period the carts are used.

I have the honour to be,

SIR,

Your most obedient Servant,

C. H. Walker

Enclosure to letter No. 2279G. of 1893.

No. 257T., dated 15th June 1893.

From—The Commissary-General-in-Chief,

To—The Secretary to the Government of India, Military Department.

Commissary-General, Bombay Presidency, intimates that Army Transport mules with carts can be profitably employed by the Public Works and Military Works Departments in conveying barrack furniture, &c., in the station, for which hired carts are now used which are supplied under contracts.

2. As, however, Army Transport mules and carts will not be available for the purpose at certain times, such as for instance when they are required in connection with relief movements of troops or to meet service requirements, and as the Public Works and Military Works Departments would be put to inconvenience on such occasions if they did not have contracts for carriage, he suggests that contracts might continue to be entered into by these departments, but that it might be stipulated in the contracts that Government carriage, whenever available, will be employed in preference to contractor's carriage.

3. Under the circumstances, as it will be in the interests of the State to have the suggested stipulation in the Public Works and Military Works contracts for carriage, I have the honour to recommend orders being issued accordingly. I may add that such a stipulation as per paragraph,* copied in the margin, exists in the contracts† for hired carts entered into by this department.

* "It shall not be binding on Commissariat Officer to hire carts from the Government or railway carriage if available."

From

Henry Swin, Esq., C.I.E.,
Consulting Architect
to the Government of Madras,

To

The Chief Engineer
Public Works Department

Sir,

In returning letter No. 2279C dated
2nd September 1893 from the Government of
India received with your endorsement No. 3192C
dated 26th September 1893 I have the honor to
state that there would be no objection to the
insertion of the clause referred to in the
Commissionary General's letter, at the same
time I may mention that no contracts are
entered into by this Division for carriage
of furniture &c. The works of this Division
are all done by piece workers who do the
carting of materials at their own risk.
When furniture &c is to be carted this office
will first communicate with the
Commissionary General if transport carts
