GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 12th September 1893, No. 5253.

Adverting to G.O., No. 1138 W., dated 24th April 1893, communicated to me with your endorsement No. 997, dated 13th May 1893, I have the honour respectfully to invite the attention of Government to paragraph 1395 of the Public Works Department Code of 1886 according to which "no work should be included in the list of those selected for execution during the year, of which the design and estimate have not been sanctioned, or at least drawn up and submitted for sanction." If, following the course adopted in the order above quoted, the preparation of plans and estimates be restricted to those works only for which funds have been provided and which are proposed to be undertaken during the year, I beg to state that in many cases it will be impossible to utilize the provision made owing to the delay in the preparation of plans and estimates and in obtaining final sanction of Government for them, as they are often found to require revision after they are first prepared and submitted.

2. I have only very few works for which estimates have been sanctioned to include in the list for execution during the next year (1894–95) and a very large number for which plans and estimates have not been prepared.

3. In the above circumstances I beg that two lists may be passed by Government each year, one for works for which the preparation of plans and estimates may be taken in hand on the approval of Government being accorded as required by G.O., No. 2806 W., dated 7th October 1892, and the other for works (taken as a rule from the list of the former kind of the preceding year) for which plans and estimates have been or are about to be sanctioned and for which provision of funds may be usefully made as required by paragraph 1395 of the Public Works Department Code of 1886.

No. 1678, Judicial.

Transferred to the Public Works Department.

OOTACAMUND,
22nd September 1893.

(Signed) A. BUTTERWORTH,
Under Secretary.

ORDER—dated 13th October 1893, No. 2617 W., Public Works.

In the letter recorded above the Inspector-General of Police suggests that two lists of Police works be prepared annually, viz.:—

(1) Works for which plans and estimates are to be prepared.
(2) Works for which estimates have been either sanctioned or submitted for sanction and for which allotments are proposed in the ensuing year's budget.

His Excellency the Governor in Council sanctions these proposals.

List (1) will be submitted as soon after the commencement of the official year as possible. It will be considered in detail in the Judicial Department, and plans and estimates will be called for in the Public Works Department for such of the works as may thus be selected.

List (2) would be the ordinary budget list prescribed in G.O., No. 525 W., dated 28th February 1893, and should be submitted through the Judicial Department so as to reach the Government by the 1st October. It will be considered in the Public Works Department in connection with the lists of other departments applying for allotments from the Provincial grant.

C. No. 8164

For orders.

Note

In the accompanying letter, the Inspector General of Police invites attention to para 1395 of the Madras P.W. Code (para 23, Chap. XV, Vol. II of the Govt. of India P.W. Code) under which no work should be included in the list for those selected for execution during the year, of which the designs and estimate have not been sanctioned or at least drawn up and submitted for sanction. This rule apparently applies to the list of class C works appended to Imperial Budget estimates and not to lists of works submitted by heads of departments. There is no rule or G.O. which precludes

the Inspector General
from including, as he has
hitherto done, unsanctioned
works in his list.

2. The Inspector General next
points out that if the
preparation of plans and
estimates be restricted to
those works only for which
funds have been provided,
as ordered in G.O. No. 1138 of
dy 24.4.93, it will be im-
possible to utilise the
allotments owing to the
delay which will necessarily
occur in obtaining the
sanction of Govt to the
estimates. He has appa-
rently misunderstood the
intention of the order, for
in no case is an estimate
to be ordered to be prepared
only after the provision of
requisite funds. This affects
not only other heads of
Departments now and then
come up to Govt. for sanction
to the preparation of plans
and estimates for such

works as they consider necessary
and the requisite sanction to
accorded without considering
the question of funds. In the
case under reference, however,
the Inspector General brought
forward a lot of works and
as there was no prospect of
the works being put in hand
for some time for want of
funds, it was ordered in
G.O. No. 1138 dy 24.4.93 that
the preparation of plans and
estimates might be taken up
when funds became
available.

2. In the concluding para of
his letter, the Inspector General
suggests that he may be permitted
to submit 2 lists — one for works
for which funds should be pro-
vided in the budget and
another for works for which
preparation of plans and
estimates should be authorised.
If the suggestion in regard to
the submission of a separate
list of works for which
estimates should be prepared
is approved, the Inspector Gl
will probably call upon all
District Superintendents of
Police to submit once in
every

2717

every year a list of new buildings which they desire to be constructed and a voluminous list will be compiled by the Inspector General for the sanction of Govt. and the main object of the procedure laid down in G.O. No: 433 dated 27.6.92 that the proposal for new buildings should be considered in detail will thus be frustrated. Whenever necessity arises for a work, the head of the department concerned comes up to Govt. for sanction to the preparation of plans and estimate for that work and the Govt. after being satisfied that the work is really necessary, passes the requisite orders. This procedure has not been found inconvenient by any department. It is not therefore understood why an exception should be made in the case of the Police Department by authorising the Inspector General to submit a long list once in every year which while certainly prove inconvenient to the P.W. officers as they will be required to prepare plans and estimates for several works at the same time. The suggestion of the Inspector Genl does not therefore appear to be commendable.

Ces
proj

W

not all of the estimates will be required for the next official year. The list should be submitted early in the year & the estimates can be submitted any time before the close of that year.

Letter from the Inspector General of Police No 5253 dated 12th September 1893.

Endt. thereon in the Judicial Dept. No. 1678 dated 22d September 1893.

For orders

There seems no objection so far as the Public Works Department is concerned to the proposal made in the last para of the Inspector General's letter.

We suggest that two lists of Police Works be prepared annually—viz.

(1) Works for which plans and estimates are to be prepared, and

(2) Works for which funds have been allotted or sanctioned & are to be allotted in the ensuing year's budget.

Sanction of funds for which

List (1) should, it is thought, be submitted early in the official year (the earlier the better) and be considered in the Judicial Dept. which would approve or disapprove of the works brought forward. Orders would thereupon issue in the P.W. Department for the preparation of plans and estimates for the selected works.

List (2) would be the ordinary budget list.* It would be submitted so as to reach Government by the 1st October, and would be considered as at present, in the P.W. Dept. in connection with the lists of all other Depts. applying for allotments from the Provincial grant.
