READ—the following papers :—

From J. C. LARMINIE, Esq., Superintending Engineer, in charge of Coimbatore Division, to the Superintending Engineer, IV Circle, Coimbatore, dated 9th November 1892, No. 3973.

In forwarding the marginally-noted correspondence in original (to be kindly returned), I have the honour to state that the European Prison buildings, Ootacamund, was given to the Nilgiri Volunteer Rifle Corps at the reduced rent of Rs. 50 per mensem with reference to the Government of India sanction No. 131 B. of 23rd March 1892, embodied in G.O., No. 1033 W., of 31st idem. The normal rent of the portion allotted to the Volunteer Corps is Rs. 231 per mensem, and as it was given at a reduced rent of Rs. 50 per mensem, I am of opinion that the charge for repairs to that portion and municipal taxes, &c., should be borne by the Volunteer Corps * and not met from Provincial funds, as the rent realized is only nominal when compared with the normal rent of Rs. 231.

2. As I am in doubt as to the propriety of paying from Provincial funds the heavy sum of Rs. 408-6-0 now demanded by the Ootacamund Municipality, † while the credit to Provincial on account of rent realizable will be only Rs. 600 annually, I request the favour of your instructions, or, if necessary, the matter may be referred to Government for orders.

From J. C. LARMINIE, Esq., Superintending Engineer, in charge of Coimbatore Division, to the Superintending Engineer, IV Circle, dated Calicut, 15th November 1892, No. 4016.

European Prison buildings
at Ootacamund

Considering that the Municipal rates and taxes as well as the cost of repairs on account of the portion of the — occupied by the Nilgiri Volunteer Rifles should be paid by the Executive Engineer from Provincial funds, but that its rent should be raised to Rs. 75 per mensem from 1st January 1893.

From the Quarter Master General No. 4923 of 13th ultimo, I am desired to state for the information of Government that the Commandant Nilgiri Volunteer Rifles reports that the Corps cannot afford to pay more than Rupees 50 per mensem for the portion of the late European prison buildings it at present occupies at Ootacamund, as the principal object in leaving its old quarters was to effect an economy in Corps Funds, and by Government kindly consenting to fix the monthly rental of the former at Rupees 50 a much needed saving of Rupees 30 per mensem was effected. For several years past it has been found necessary to take up annually from the Pay Department an advance of Rupees 3000, two or three months before the capitulation grant became due, and all expenditure is now being curtailed as much as possible with a view to avoiding this in future.

2. Moreover owing to the detachment of the Corps being so numerous and so scattered it is found necessary to maintain no less than ten Rifle

Rangos

Rangled, and Corps funds will shortly have to bear the expense of making a new Range for the Coimbatore Company as the situation of the present one within the precincts of the Coimbatore Jail has been objected to by the Jail authorities.

3. Under the circumstances, His Excellency the Commander-in-Chief trusts that Government may be pleased to save the Corps from any further drain on its funds by permitting it to continue to occupy its present quarters at the monthly rent of Rupees 50 fixed in Pro. of Govt. No 2428 of 8th April 1892.

For orders with reference to the accompanying draft order on C No 11698 which is resubmitted with a view to reconsideration if thought desirable.

It is all very well, but Provincial Councils afford to pay for volunteers. If these Corps are to be maintained from Public funds, it should be charged on the military budget. The Corps must either pay some rent or accept liability for rates & taxes. The latter is fixed in much the same manner as the former.

Read the following :-

From the Superintending Engineer IV circle
No. 475.W. dated 16 November 1892.

FOR ORDERS.

- The Executive Engineer proposes that the Volunteer Corps should be charged the cost of repairs and Municipal taxes in addition to the rent of the building.
- As regards Municipal taxes, attention is invited to para 14, Chapter XI Vol I of the P. W. Code. Under this rule, the Corps seems liable.
- The buildings should, apparently, continue to be kept in repair by the P. W. department. There seems no reason why

I don't think para 14 applies at all. The Kilgini Volts are not a department in the sense in which the word is there used. The taxes are payable by the Ex. Eng. and also the repairs. Practically we are allowing the occupant free use we can't afford to do. I think the rates will have to be raised.

W. C. Cotton

Provincial

Provincial Funds should
be relieved of this charge.
If the rent is insufficient,
the proper remedy would
be to increase it, and
not to shift the liability
for maintenance.
