Ordered that the schedule of requirements under Imperial Civil Works for 1894-95 be forwarded to the Government of India, Public Works Department.

2. The full amount of the estimate for constructing a dam across the Valavanar in the Tanjore district was provided in the current year's budget; but Rs. 7,500 were subsequently surrendered to the Government of India. This amount has therefore been included in the schedule for next year.

3. The sum of Rs. 810 applied for under "Minor Works, Salt," is reported to be required for altering the left wing of the European Infantry bomb-proof barracks at Trichinopoly so as to accommodate the offices of the Deputy Commissioner and the Inspectors of the Salt and Abkari Department. The estimate was sanctioned in August 1891, but the work has hitherto been deferred for want of funds.

4. The Superintending Engineer, V Circle, will arrange for the submission of the requisite estimate for item No. 4 of the schedule.

5. The demands under Postal and Telegraph repairs, as shown in the budget estimates submitted by Superintending Engineers and the Consulting Architect, amount to Rs. 10,000 and Rs. 6,000 respectively. These amounts have been included in the schedule.
