READ—the following paper :—

From J. P. DAVIDSON, Esq., Executive Engineer, South Arcot division, to the
Superintending Engineer, V Circle, dated Cuddalore, 8th November 1893,
No. 666.

I have the honour to inform you that the Officer Commanding South Indian
Railway Volunteer Corps has forwarded to me copy of his letter No. C/183, dated
3rd November 1893, to your address.

2. According to Code rules, paragraph 80 of chapter IX, no contribution work may
be started till the full amount of the contribution has been paid. I request therefore
your sanction to proceed with this work in anticipation of Government's sanction to
the proposal made by the Officer Commanding South Indian Railway Volunteer Corps.

3. As the sum to be paid by the corps is more than Rs. 1,000 and, if the antici-
pated progress is made with the work, the entire building should be finished next
year, it should, I think, be stipulated that the balance of the full sum due by the
corps should be paid up at any time when this balance is required by the Executive
Engineer to meet the expenditure incurred.

No. 431 W.

Submitted to the Chief Engineer, Public Works Department, for sanction to the
work being proceeded with under the circumstances stated by the Executive Engineer.

2. In his letter No. 183, dated 3rd November 1893, alluded to in paragraph 1 of
the Executive Engineer's letter, the Commandant, South Indian Railway Volunteer
Corps, stated that application has been made for sanction of Government to the amount
to be provided from corps funds being paid by annual instalments of Rs. 500 and that
orders thereon were awaited.

15th November 1893.

(Signed) J. C. LARMINIE,
Superintending Engineer, V Circle.

ORDER—dated 20th November 1893, No. 2999 W., Public Works.

The Military Department has been requested in paragraph 2 of G.O., No. 2824 W.,
dated 3rd November 1893, to arrange for the provision of the amount to be contri-
buted by the corps. The building should, meanwhile, be commenced.
