Read—again the following papers :—

G.O., dated 7th April 1892, No. 682, Judicial.

ABSTRACT.—Approving, subject to further report, the proposal to acquire the site recommended for a building for the District Munsif's Court at Salem.

G.O., dated 7th November 1892, No. 2085, Judicial.

ABSTRACT.—Referring for remarks to the Honorable the Judges of the High Court Proceedings of the Board of Revenue (Land Revenue) submitting with remarks letter from Mr. G. Stokes proposing that the Collector's house in Salem may be used for the District Munsif's Court.

G.O., dated 6th February 1893, No. 262, Judicial.

ABSTRACT.—Referring to the Honorable the Judges of the High Court Proceedings of the Board of Revenue (Land Revenue) submitting, with remarks, letter from the Collector of Salem stating that his suggestion that his residence be taken up for the Munsif's Court be either negatived or held in abeyance till another residence is secured for the Collector.

Read—also the following letter from H. W. FOSTER, Esq., Registrar of the High Court of Judicature, Appellate Side, to the Chief Secretary to Government, dated Madras, 2nd October 1893, No. 2592 :—

With reference to G.O., dated 6th February 1893, No. 262, Judicial, I am directed to state that the proposal to utilize the Collector's residence as a court-house for the District Munsif at Salem, which was referred for the remarks of the High Court in G.O., dated 7th November 1892, No. 2085, Judicial, did not from the first commend itself to the Honorable the Judges, and the District Judge of Salem also considers the building unsuitable for the purpose.

2. Adverting to my letter, dated 17th February 1892, No. 482, and G.O., dated 7th April 1892, No. 682, Judicial, passed thereon, I am directed to state that the Executive Engineer, Salem division, has since pronounced the building now occupied by the District Munsif's Court at Salem to be incapable of such alteration or addition as will fit it for convenient use as a court, and the Judges therefore recommend the construction of a new court-house on the site now occupied.

3. This site is private property, and, together with the buildings upon it, will have to be acquired under the Land Acquisition Act. It seems that it will not be necessary to remove these buildings for the purpose of constructing the new court-house, and the High Court considers it desirable that they should be retained permanently to supplement the accommodation to be newly provided, since in many places court-houses on the standard plan have been found insufficient for the requirements of the establishment, and this is especially likely to be the case at Salem where the work is heavy.

4. With these remarks I am to forward the accompanying plans and estimates amounting to Rs. 14,750, which includes a sum of Rs. 3,000, the estimated price of the site and existing building, and to request that His Excellency the Governor in Council may be pleased to provide an allotment of funds for the purpose and issue orders for the acquisition of the property under the Land Acquisition Act and the construction of a new court-house.

Order—dated 23rd October 1893, No. 2209, Judicial.

The plans and estimates, amounting to Rs. 14,750, for the construction of a new court-house at Salem and the purchase of a site are approved and will be transferred to the Public Works Department for further action. The Collector of Salem will, in accordance with paragraph 3 of G.O., dated 6th May 1891, No. 408, Revenue, take steps for the acquisition of the land in question and submit a draft notification under Act X of 1870 for approval and publication in the Gazette.

2. The existing buildings should be retained as recommended by the High Court.
