GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From D. DUNCAN, Esq., M.A., D.Sc., Director of Public Instruction, Madras,
to the Chief Engineer, Public Works Department, dated Madras, 21st
January 1893, No. 463.

In forwarding endorsement No. 6239, dated 18th ultimo, from the Inspectress of Girls' Schools, Southern Circle, on letter No. 738 M., dated 4th October last, from the Executive Engineer, Madura division, I have the honour to state that the rules for the preparation of plans of school buildings sanctioned in G.O., No. 626, dated 30th August 1892, Educational, are silent on the point. I therefore beg that you will be good enough to issue the necessary instructions to the officers concerned to issue plans of buildings on the requisition of Inspectors or Inspectresses who may be considered to be the Managers of Government institutions under their control, as it would lead to unnecessary delay if each application were to pass through me. In the case of colleges and special institutions not under the control of the Inspecting officers, the Department of Public Works will be addressed by me.

ENCLOSURE.

From the Executive Engineer, Madura division, to the Inspectress of Girls' Schools, Southern Circle, dated 4th October 1892, No. 738 M.

With reference to your letter, No. 5236, dated 27th September 1892, I have the honour to request that the application for plans of the buildings may be forwarded through the head of your department.

No. 6239.

Submitted to the Director of Public Instruction, with reference to the notification of the 24th September last, for favour of orders as to whether the Executive Engineers cannot be addressed direct by Inspecting officers for the preparation of the plans required for the recognition of Government schools under the Madras Education Rules.

18th November 1892.

(Signed) E. CARR,
Inspectress of Girls' Schools,
Southern Circle.

ORDER—dated 6th February 1893, No. 305 W., Public Works.

There is no objection to Executive Engineers being applied to direct by officers of the Educational Department for plans of school buildings to be prepared under the rules sanctioned in G.O., No. 626, dated 30th August 1892, Educational. Copies of these rules should be supplied to Public Works officers by the Director of Public Instruction.

PROCEEDINGS OF THE MADRAS GOVERNMENT

~~Read the following paper~~

857622 14.3.92
✓ not read.

Read again G.O.s, dated 3rd March and 30th May 1892, Nos 179 and 410 Educational.

Read also the following paper from the Director of Public Instruction, Madras, dated 18 July 1892, No 9643.

Order, 30th August 1892, No 626.

In the first of the orders read above, the Director of Public Instruction was directed to draw up a full set of rules for the purpose of carrying out the provisions of revised rules Nos 7 and 8 of the Madras Educational Rules relating to the preparation of plans and to the sanitary inspection of school buildings. Rules dealing with the latter subject have since been published by the Director of Public Instruction and have received the approval of Government in the second of the orders read above. With regard to the preparation of plans of school buildings, the rules now submitted for approval by the Director of Public Instruction are not very clear and call for the following remarks:-

a. L.T. Engineers and subordinates not being Officers of Government, no rules can be prescribed as to the fees to be demanded by them for the preparation of plans. Managers of Schools must make their own arrangements with Local Fund and Municipal servants.

(b) The rates of remuneration to be given to officers of the Public Works Department as suggested by Colonel Pennycuik, appear to be rather too high and will be reduced to the sums recommended by Mr. Duncan.

(c) Rule 3 of the draft rules submitted by the Director of Public Instruction is unnecessary, plans of Government institutions being of course prepared free of cost by Officers of the P.W. As regards Local and Municipal buildings, the Boards and Councils concerned will make their own arrangements.

2. The rules have therefore been redrafted and will be issued as follows by the Director of Public Instruction. The following rules regarding the preparation of plans of school buildings, required for purposes of recognition under rule 7, Section II of the Madras Educational Rules, have received the approval of the Governor in Council and are published for general information.

I. Plans of school buildings and of additions and extensions to such buildings required under Rule 7 Section II of the Madras Educational Rules shall give full information regarding the extent of superficial and cubic space of the buildings and show the exact positions of doors, windows, stairs, &c. The plans may be prepared by any competent person and shall be certified by the maker. The acceptance of plans shall be at the discretion of the Director of Public Instruction.

305
II. The plan of an old building submitted for purposes of recognition shall also be accompanied by a certificate from the person preparing the same, to the effect that the building is in a good state of repair.

III. Officers of the Public Works Department who are required to prepare plans shall be remunerated by the Managers of schools concerned according to the following scale:-

(1) Officers of the Engineering Establishment Rs 20.

(2) Officers of the upper Subordinate Establishment Rs 10.

IV. Managers of schools requiring the services of Public Works Department Officers should apply for them to the Executive Engineer of the Division or, in the Presidency towns to the Consulting Architect.

V. The Executive Engineer or the Consulting Architect, as the case may be, will determine by what Officer the necessary plan is to be prepared, regard being had in every case to the Standard of the institution concerned.
