Supplemental estimate of Rs. 750 for improvements to the — attached to the Deputy Tahsildar's office at Yercaud in Salem district, sanctioned with remarks.

NOTE BY TECHNICAL SECTION.

Name of work Improvements to the Quarters of the Clerks of the Deputy Tahsildar's office at Yercaud, Salem District.

Amount of Estimate Rs 750.

The estimate under review provides for constructing a verandah 8 feet wide with a kitchen & bath room at either end, each 7.0 x 6.6, as per plan & for providing glazed window shutters to each room.

The following rates are high but there are due to the material having to be carried from Salem a distance of 4 1/2 miles & then carried up the ghats by coolies a distance of 8 miles. These rates have been passed on a former occasion in connection with the estimate for Yercaud Police huts.

Rough stone in mud	8.00	against	5.00
Plastering 2 coats	6.00	- do -	2.80
Painting	3.00	- do -	1.40
Verandah work	4.00	- do -	2.80

Indifficult to stay in the room. To keep the windows and doors open to serve as outlets for the smoke is not possible on account of the extremely constant wind here. To keep them open during nights is of course out of question. Regarding the fire place, it is unnecessary for us to say more of it. There is not a single house on the Shwazay Hills (both poor & rich) without a fireplace; because the climate demands it, especially in the rainy and cold seasons which absorb $\frac{3}{4}$ of the year. We may here note that even the Office building is provided with a chimney in the Police Guard room. Then again regarding the verandah the buildings as they are now exposed to wind and rain without shelter against them and the result is one can easily expect to be drenched & blown by the wind through the windows when kept open. These defects, we are under the impression, would have naturally suggested to the authorities concerned before the plan was schemed. Further our object in wishing for a verandah is, that it may be converted, with the aid of latrine, into a bath room.

To

The Secretary to the Commissioner of

Land Revenue, Madras.

SIR,

In reply to B.P. no. 3911 mis. of the 3^d July last, I have the honor to return herewith the plan and estimate and to enclose the marginally noted reports (in original) of the clerks of the Dy. Tahsildar's office, Shevaroy Hills, for perusal. It will be seen that the clerks are extremely anxious to have the additions proposed, but are unwilling to have them, if rent is to be charged in consequence. It does not appear that they made any particular arrangements hitherto. In the absence of a cook room

(1) Report of 21-7-93

2) do 5-9-93

room, they have cooked within the
main building, which has no
chimney, and have thus suffered
much from the effects of smoke.

To prevent the building being spoiled
from smoke and to make it comfortable
for the clerks during the rainy season,
I am strongly of opinion that the proposed
cook room is necessary, and that a
chimney should be provided. The verandah
in the rear is also, in my opinion, a bare
necessity and I strongly recommend
that the clerks should have it. If a
separate cook room ^{as proposed} is provided with
a chimney, there will ^{be} scarcely any
necessity to have chimneys in the bed
rooms also.

For the above reasons, I beg to
recommend that the proposed
additions

3685 8
additions be sanctioned and that
no rent be charged in consequence.

I would beg to point out that, in
Zerand, the clerks have to pay much
more for provisions; and thus other expenses
are greater than in the plains. They are
there liable to fever and anything that
increases their physical comforts will
tend to keep them in better health.

I have the honor to be,
Sir,

Your most obedient servant
