ORDER—dated 30th November 1893, No. 3093 W., Public Works.

The estimate submitted by the Superintending Engineer, I Circle, for constructing a first-class taluk office at Kovvur in the Gódvári district provides for two latrines—one costing Rs. 1,300 and the other Rs. 870. Of these, the smaller alone is admissible under G.O., No. 1409 W., dated 28th May 1889. The provision for the larger latrine is therefore omitted. Ryots' shed is also omitted as unnecessary. The doors of the cashier's room are altered from "iron grated with batten shutters" to

30TH NOVEMBER 1893, No. 3093 W., PUBLIC WORKS.

"venetianed and panelled" as required by G.O., No. 2240 W., dated 31st August 1893. Provision is made for a wooden moveable ladder to the record room, which was not included in the original estimate. These modifications reduce the estimate from Rs. 37,900 to Rs. 35,270. The estimate, as thus modified, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 118 W. of 1893-94 and classified as Civil Buildings, Original Works.
