2ND DECEMBER 1893, No. 3108 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, VI Circle,
to the Chief Engineer for Irrigation, dated Trichinopoly, 24th October
1893, No. 1037 T.C.

I have the honour to request that you will be good enough to let me know whether the latter part of paragraph 909 of the Madras Public Works Code, to the effect that such general improvements to irrigation works as are estimated to cost more than the average of the past five years' revenue dependent on the work should be classed as original works, is still in force, as the Government of India Code is silent on this point.

2. I would also like to know whether the term "general improvements" includes special and ordinary repairs; also whether two separate estimates for one work, that is, one for improvements under Minor Works and the other for repairs under "Repairs," can be sanctioned at the same time by a Superintending Engineer.

No. 62 W.

Forwarded to the Secretary to Government, Public Works Department, through the Examiner of Public Works Accounts. The rule of the Madras Public Works Code referred to may, it is suggested, be declared as still in force. All requirements of an irrigation work may be included in one estimate and classed under "Original Works" should the amount of the estimate exceed the limit with reference to revenue.

MADRAS,
4th November 1893.

(Signed) F. W. ASHPITEL,
for Chief Engineer for Irrigation.

Office-note from the Examiner, Public Works Accounts, dated 17th November
1893, No. 1824 D.

Forwarded.

2. Practically the rule laid down in paragraph 909 of the Madras Public Works Code in regard to the classification of irrigation works is still followed, and the term "general improvements" is supposed to include in one estimate all the requirements of an irrigation work (both improvements and repairs), its classification as "Original Works" or "Repairs" being dependent on the limit as regards revenue.

ORDER—dated 2nd December 1893, No. 3108 W., Public Works.

The rule laid down in paragraph 909 of the late Madras Public Works Code in regard to the classification of irrigation works will be maintained.

(True Extract.)

Major, R.E.,
Under Secy. to Govt., P.W.D.

To Superintending Engineers.

OFFICE OF THE SUPERINTENDING ENGINEER,

6TH CIRCLE.

Trichinopoly, 24 October 1893

From

Major W. L. C. Boddley R. E.
Superintending Engineer.

6TH CIRCLE.

To

The Chief Engineer
for Irrigation.

SIR,

ENCLOSURES.

I have the honor to request
that you will be good enough
to let me know whether the latter
part of para 909 of the Madras
P.W. Code, to the effect that such
general improvements to Irriga-
tion Works as are estimated
to cost more than the average
of the past 5 years Revenue
dependent on the work should
be classed as original Works,
is still in force, as the Govern-
ment of India Code is silent
on this point.

2. I would also like to
know whether the term "General
improvements" includes Special
and ordinary repairs; also
whether two separate estimates
for one work, that is, one for
Improvements under Minor
Works and the other for repairs
under "Repairs" can be sanctioned
at the same time by a Superintendent
Engineer —

Enclosures.

Requests to inform whether
the latter part of para 9091
the Madras P.W. Code to Chief
Engineer that such general im-
provements to irrigation works
as are estimated to cost more
than the average of three years
revenue dependent
on the work should be classed
as original works, is still
in force -

8/11 N-62. W P-3
Forwarded to the
Secretary to Government
P.W.D. through the Examiner
of P.W. accounts. The
rule of the Madras P.W.
Code referred to may,
it is suggested, be declared
as still in force. All
requirements of an irrigation
work may be included
in one estimate and
classed under "Original
works" should the amount
of the estimate exceed
the limit with reference
to revenue.
