Office of the Consulting Architect to Govt.,
Chepauk, Madras,

20 January 1893.

No. 3144

From

Henry Irwin, Esq., C.S.C.,

Consulting Architect

to the Government of Madras,

To

The Chief Engineer
P. W. Department
Madras

Sir,

Enclosures.

* (to be returned)

I have the honor to forward a letter from the Superintending Engineer 1st Circle Burmah asking for information regarding the terracotta manufactured at Madras.

2. We can make the terracotta for about half the cost calculating from Messrs Stiff and Sons' prices. I doubt whether we could compete with English manufacture whether as to quality of material or execution. But, I think we could manufacture of a fairly good description and if Government approved it would, I think, be advisable to undertake the manufacture for Burmah in

in this instance as we will shortly have
work of our own to carry out and it
would be a pity to let the work drop,
as good many people have been trained
to it now and unless we have new require-
ments they will be thrown out of work.

I have the honor to be,
Sir,

Your most obedient servant

Henry Jones
Consulting Architect to Govt.

P. W. DEPARTMENT.

Read the following:—

Letter from the Consul Architect to Govt.
No. 3144 dated 20th Jan'y 1893.

FOR ORDERS.

The Chief Engineer recommends that
I have no objection provided that the Govt. of India will allow the work to
be paid for by the Burma adminis- the Consulting Architect
tration. Under orders at present be allowed to undertake
in form, no interprovincial adjustment the manufacture
are allowed. It is I think for
Burma supply for India's sanction
