G.O., dated 28th November 1893, No. 867, Educational.

Read—the following letter from the Director of Public Instruction, Madras, dated 13th November 1893, No. 12413 :—

With reference to G.O., No. 714, Educational, dated 27th September 1893, I have the honour to submit copy of a letter from the Principal, Presidency College, No. 230, dated 2nd instant, and to request that, under the circumstances stated by him, Government will be pleased to reconsider its Order, No. 714, Educational, dated 27th September 1893, so far as the additions required for the Presidency College are concerned and to authorize the submission of the necessary plans and estimates. In ranking the works for which allotment of funds was recommended in the ensuing year's budget, Dr. Duncan entered this work as second in the order of emergency, the Law College buildings taking the first place, and in its Order, dated 14th February 1893, No. 269 W., Government also considered, after personal inspection of the college buildings, as I understand, by Sir Henry Stokes accompanied by Dr. Duncan, that the additional accommodation on the north side of the college buildings for the Professors of Biology and Physical Science was a work of prime necessity. I would recommend that a sum of Rs. 15,000 at least may be provided in the Public Works budget for 1894-95 towards the work.

Order—dated 28th November 1893, No. 867, Educational.

The preparation of plans and estimates for the additions required for the Presidency College is authorized; the question of allotting a sum of Rs. 15,000 for the work in the budget for 1894-95 will be considered in the Public Works Department.

2. The Director of Public Instruction has misapprehended paragraph (f) of G.O., dated 27th September 1893, No. 714, Educational. The Government merely remarked therein that the preparation of plans and estimates for this and other works had not been sanctioned; it was not the intention of Government to refuse to allow the preparation of the plans and estimates.

ORDER—dated 4th December 1893, No. 3119 W., Public Works.

The Consulting Architect will submit, as soon as possible, the plans and estimates for additions to the Presidency College on the north side for the Professors of Biology and Physical Science. This is one of the works referred to in G.O., No. 269 W., dated 4th February 1893, as being of sufficient importance to claim an allotment on funds becoming available. Provision will, if possible, be made for the work in the budget for 1894-95.
