Sir,

Re Contract 6/62 of 11th January 1892.

In reply to your favor S.12770 of the 3rd instant, I beg to say the Closet Basins supplied for above Contract are special articulated, and such as are seldom asked for by my other Customers. The lead pipes having been made special lengths are now only worth the price of old metal to me.

I would much prefer not having the goods back at all, but provided they are returned to me in the same good order as when despatched, free of all expenses, I beg to offer you £15 for the lot.

I am, Sir,

Your obedient Servant,

(Sd) Thomas W. Twyford.

It is requested that in any further communication on this subject the under-mentioned letter and number may be quoted, and the reply addressed to

13th January 1893.

Sir,

With reference to your letter No. 3220 W dated 22nd November 1892, I have the honour to forward a copy of a letter from Mr. T.W. Twyford dated 5th January 1893, offering to purchase for the sum of £15, the four sets of water closet fittings originally supplied by him at a cost of £60, for Government House, Ootacamund.

The charge for the freight of these stores to Madras was £11, and it would cost as much to return them to England. There would also be clearing charges, and the expense of conveyance to Mr. Twyford's works at Hanley, which would probably increase the total cost of returning the fittings to him to more than £15.

In these circumstances there would appear to be no advantage in returning the fittings to this country, and I would therefore suggest that further enquiries be made in India with the view of utilizing them in the Railway, or some other Department.

I have the honour to be, Sir,

Your obedient Servant,

J. S. S. S.
Director General of Stores.

The Secretary,
Public Works Department,
Madras.
