5TH DECEMBER 1893, No. 3135 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From J. TRAILL, Esq., Executive Engineer, Gudiváda Division, to the
Superintending Engineer, II Circle, dated Gudiváda, 28th October 1893,
No. 279 S.E.

I have the honour to forward, herewith, a proposition statement for revision of
establishment of the temporary Gudiváda division, and to request that you will be
good enough to obtain sanction of Government for the increase therein proposed.

2. The services of a storekeeper appear to me to be absolutely necessary on the
following grounds:—

- (1) There was provision for a storekeeper in this division up to end of
1889-90. In the proposition statement embodied in G.O., No. 1778
W., dated 27th June 1890, you considered his services to be unneces-
sary. The tools and mathematical instruments are therefore kept
in charge of a towpath gumasta and head draftsman respectively. On
my latest examination (in taking over charge), I found the accounts,
&c., maintained by them are not kept in a satisfactory way.

If a storekeeper is sanctioned, there will be some relief to the draftsman and the
accounts, &c, will be kept properly.

3. As regards the special need for a temporary clerk on Rs. 15, I beg to point
out that, owing to the various project works being taken in hand, to the additional
Upper Subordinate and Delta Superintendents being sanctioned and owing to the
vast increase of irrigation in this fasli, the work in the correspondence branch has
considerably increased, and to cope with this increased work the present establish-
ment always work over hours. There are at present only two clerks besides the
head clerk in the correspondence branch and in my opinion another clerk on Rs. 15
is necessary.

For orders. 3/25

(1) Increase of Rs 5 to the 1st
Class Draughtsman.

No reasons are given for
the proposed increase and
in the note for orders attached
to G.O. 1532 of 8 June 1893
it is stated that Rs 50 would
be sufficient.

(2) Storekeeper on Rs 25

In 1890, the S.E. considered
this appointment unnecessary.
Under the Proposition Statement
attached to G.O. 1748 of 27
June 1890 in which the
remark "not required" is
made by the S.E. The work
has been done without such
a man meanwhile.

(3) Additional Clerk on Rs 15

This seems to be necessary
judging from the Executive
Engineer's remarks.

NOTES.

REFERENCE TO MADRAS P. W. D. CODE,
EDITION OF 1886.

PARAS. 25 & 26.

The column headed "present scale" should
show the sanctioned scale for the time being
the strength of the actual (whether above or
noted) establishment as it happens to stand
me. The "present scale" should be verified
examiner before the proposal is submitted to
sent for sanction (paras. 25 and 26).

In the column "average or fixed pay," finan-
ce, not mean value, should be given.

The financial value should in the case of pro-
appointments be calculated as follows:—

1) If the period of rise from minimum to
maximum is 5 years, the average will be
the minimum plus two-thirds, or if the
appointment is a ministerial one, plus
three-fourths, of the difference between
the minimum and maximum (C. S. R.,
Art. 164).

2) If the period of growth exceeds five years (as
in the case of accountants) the $\frac{1}{6}$ th fraction
should be decreased by $\frac{1}{6}$ th of the differ-
ence for every year by which the period
exceeds five; the fraction for periods in
excess of five years will therefore be as
follows:—

$$\begin{aligned}
 6 \text{ years} &= \frac{1}{6} - \frac{1}{6} = \frac{5}{6} \\
 7 \text{ years} &= \frac{1}{6} - \frac{2}{6} = \frac{4}{6} \\
 8 \text{ years} &= \frac{1}{6} - \frac{3}{6} = \frac{3}{6}
 \end{aligned}$$

and so on; so that when the period of
growth is 20 years the financial value
will be the exact mean.
