GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

G.O., dated 21th July 1893, Mis No. 2728, Revenue.

Read—the following paper:—

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 20th June 1893, No. 243.

Read—the following letter from C. H. MOUNSEY, Esq., Acting Collector of Cuddapah, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Cuddapah. 29th April 1893, Ref. on C. No. 41-Eng.:—

I have the honour to enclose herein statements A, B and C to the famine relief programme for 1893-94. It will be seen therefrom that provision has been made for works which could afford labour for 31.84 per cent. of the population of the district, whilst land improvements loans distribution could employ 1.73 per cent. of the population.

2. In statement B, the number of irrigation works in and out of repairs in Kadiri, Vayalpad, Rayachoti and Madanapalle taluks has not been entered for want of the necessary information from the Sub-Collector, whilst in statement C the length of the new roads proposed for Badvel, Sidhout, Pullampet and Cuddapah taluks has not been shown for want of information from the Local Fund Engineer.

3. The above information will be submitted on receipt of replies from the Sub-Collector and the Local Fund Engineer, who have been addressed on the subject.

Form C.—Abstract of programme of famine relief works in the Cuddapah district for the year 1893-94.

Read—letter from the Collector of Cuddapah, dated 9th May 1893, Ref. on C. No. 41-Eng.

ABSTRACT.—Submitting a statement showing the number of minor irrigation works in and out of repair in the Sub-Division taluks.

Read—letter from the Collector of Cuddapah, dated 4th June 1893, Ref. on C. No. 664-Eng.

ABSTRACT.—Forwarding statement showing the details regarding the new roads proposed in Badvel, Sidhout and Pullampet taluks and two lists of corrections to be made in the famine relief programme statements A and C.

Resolution—dated 20th June 1893, No. 243.

The abstract of the programme of famine relief works for 1893-94 received from the Collector of Cuddapah with the first letter read above has been corrected with reference to the errata statements received subsequently, and as now corrected will be submitted for the information of Government.

2. The programme provides for the construction of 13 irrigation works at a cost of 5.61 lakhs and repairs to existing works 5.49 lakhs; forest works to cost 3.25 lakhs; the construction of 189 miles of new roads, 3.10 lakhs, and repairs to existing ones 15.72 lakhs; and miscellaneous works to cost 3.02 lakhs. Provision has also been made for works to be executed by advances under the Land Improvement Loans Act to cost 1.65 lakhs and for drinking-water supply works 2.29 lakh. The total provision under all classes of works amounts to Rs. 36,19,253, a sum sufficient to provide employment for three months to 34.12 per cent. of the total population of the district. The provision made is sufficient in all taluks, and some additional works are mentioned at the foot of the detailed list A in the case of some taluks. For these works not even a rough estimate has been given. This should be attended to in future programmes.

3. A statement showing the new irrigation projects included in the programme will be forwarded to the Chief Engineer for Irrigation with a request that he will inform the Board whether the projects are so far developed as to justify their inclusion.

4. It is not clearly stated how the forest-fencing proposed is to be executed; if by stone-walls, the works should be excluded from the programme with reference to Board's Proceedings, No. 4, dated 9th January 1893.

5. Estimates have been prepared for works to cost Rs. 13,30,345, or 38.5 per cent. of the total amount, exclusive of the provision for land improvement works for which no estimates are required.

6. Numerous discrepancies have been noticed in the statements received from the Collector and are noted below. The necessary corrections should be made in his copies:—

(a) The total amount provided for repairs of roads in Pullampet should, according to the details in statement A, be Rs. 27,235 and not Rs. 27,145.

(b) The total amount for repairs of simple irrigation works in Cuddapah is given as Rs. 28,115-14-0 instead of Rs. 28,109-12-0.

(c) The total numbers of irrigation works requiring repairs entered in column 17 of form C and of other simple works shown in column 21 thereof for the same taluk should, respectively, be 24 and 61 as against 21 and 62 shown therein and in the detailed list A. The totals in columns 25 and 26 of form C also require adjustments.

(d) The cost of the large and the simple works in Cuddapah for which estimates are ready should be Rs. 1,81,330 and Rs. 33,736, respectively, according to the details in list A against Rs. 1,89,030 and Rs. 33,742, respectively, entered in form C.

(e) In Jammalamadugu the amounts entered against large and simple irrigation repair works as per details in list A should be Rs. 10,400 and Rs. 8,248, respectively, against Rs. 12,200 and Rs. 8,498 shown in form C. The total in column 26 requires corresponding adjustment. The number of simple irrigation works requiring repairs should be 12 and not 13.

(f) The entry in column 28 of form C against simple works in Pulivendla should, as per details in list A, be Rs. 31,943 instead of Rs. 32,565 entered therein.

(g) The amounts entered against repairs of roads in Kadiri and Madanapalle taluks should, as per list A, be Rs. 3,06,784 and Rs. 3,53,725, respectively, as against Rs. 3,14,784 and Rs. 3,53,595 entered in form C.

(h) The figure representing estimates for large works in Madanapalle entered in column 28 of form C should, as per details in A, be Rs. 89,085 and not Rs. 93,155.

(i) The amount provided for forest works in Rayachoti should be, as per list A, Rs. 42,268 instead of Rs. 40,268 given in form C.

In the above cases the entries in list A have been adopted by the Board.

7. Some of the minor works costing less than Rs. 5,000 have been entered in full detail in list A. It is enough if they are grouped together and shown in the lump as already directed in Board's Proceedings, No. 411, dated 7th June 1892, paragraph 5, rule 4.
